No Longer Doubt  
On What People  
Think of  
World Court

# MID-WEST TORNADO HELD MOST DISASTROUS IN NATION'S HISTORY

ANY citizen, or even any editor has the right personally to be opposed to the world court, but there can at least be no longer any question that the predominant public opinion is in favor of it.

When the house of representatives, composed of men just returned from campaigning among the people in every district in the United States, went out of its way to vote 302 to 28 for a resolution advocating the court, that settled it.

The congressmen might conceivably be wrong on the abstract merits of the proposition, but they cannot conceivably be mistaken as to what the people think about it.

And when public opinion finally sinks to the lugubrious France might drag us into the world court to get out of its way, the intellectual barrenness of the opposition become grotesque.

It is creditors, not debtors, that drag debts into courts. And, in the court, if it were possible to get it there, nothing could be considered but the legal validity of the debt, which is not questioned by the French themselves.

The sentimental counter-claims are described even by those who make them as "political." They are not political, but not by a judicial tribunal. Besides, neither France nor America can be got into that court except by its own consent.

And France does not have to go into any court to avoid paying debts. All it has to do is just not pay them.

There is nothing the world court could do about the French debt—or, if there were, it would have to be on our side.

THE Chicago Tribune advocates 3 per cent beer, on the ground that "in common usage it is not intoxicating; in abnormal usage it might be."

It would decrease bootlegging and stop much drinking of poisonous liquor. So the Tribune asks, "Why not?"

"The real question is not 'Why?' but 'How?'"

Even conceding for the sake of the argument that the Tribune's 3 per cent beer would be desirable—how are you going to get it?

That is, until the 13 dryest states give their consent to a change of the constitution.

The constitution prohibits intoxicating liquors. Congress can act only within the limits of that constitution, and the Supreme Court has already declared that Congress cannot pass a law permitting that the amendment prohibits—that is, intoxicating liquors.

The Tribune itself concedes that 3 per cent beer could be intoxicating in what it calls "abnormal usage," but everybody knows that this is exactly the usage to which thousands of people would put it.

For that matter, whisky is not intoxicating, either, unless you drink too much of it.

Either any beer with a "kick" is intoxicating, or else whisky is not. And as to kickless beer, nobody cares whether its kicklessness is of the half per cent or the three-fourths per cent variety.

So the question is not "Why not?" but "How do it?" And the answer is, "You can't."

Not until the 13 dryest states consent to a change of the constitution. And that is at least for the life of this generation.

NOW we have a president and vice president, and everybody, even those who voted against them, is satisfied.

No administration within the memory of any man ever living ever entered on its responsibilities with such universal good will.

It is all so easy and acceptable that we take it as a matter of course.

But it isn't. Only a few short months ago, we were in the throes of a real fear that we might have no president at all.

If the vote had gone as early in the campaign looked easily possible, that might have been our exact situation at this moment.

Don't let the realization of that fact was one of the reasons for the overwhelming character of the Coolidge victory.

Thousands, perhaps millions, voted for their second choice, for that a vote for their first choice might result in no choice.

We escaped that. But the mechanical defect in the constitution which made it possible is still there.

Some other election may see a three-cornered difference of opinion too inconceivable to be compromised merely to make a mechanism mechanically workable.

When the old electoral mechanism broke down, with the development of a two-party system, our fathers revised it to fit.

We should make haste now to revise it again, the possibility of breaking down under a three-party system.

The only safe machinery of election is one which will elect under any system.

## MARTIAL LAW IN FORCE AT PALM BEACH

National Guardsmen Patrol Florida Resort City Following Disastrous Fire

### 2 HOTELS DESTROYED

Loss Due to Flames In Mecca For Rich Runs Into Millions of Dollars

PALM BEACH, Fla., March 19.—Martial law was in effect at this famous winter pleasure resort today, following a disastrous fire which destroyed Palm Beach and the Breakers hotels and caused a total loss estimated at several millions.

While a company of national guardsmen patrolled the streets, guarding thousands of dollars' worth of jewelry, clothing and personal property saved by the wealthy, search was made in the ruins for bodies of five persons reported missing.

Mecca for Rich Folk.

Palm Beach has long been the mecca of the rich and famous and many of the wealthy quartered at the two hotels lost personal effects. Others were able to put valuables in pillow slips and toss them from windows before flames reached them.

Rescues were made of several, confined to their beds in the Breakers hotel during the early moments of the fire.

Martial law was declared by Governor Mann at the request of local authorities who feared looting.

Twenty-three persons, most of them negroes, were jailed.

Jewelry, money and clothing, running into thousands of dollars, saved from the fire, reposed in the police station and a lot adjoining the Palm Beach hotel site. Trunks, furniture and other articles worth thousands of dollars were under guard.

Loss of Life Unknown.

Pending a check of the guests at the two hotels, loss of life, if any, could be learned. The five persons reported missing are an elderly man and woman and two small children and their nurse. The Breakers and the Palm Beach hotels are total losses. The fire started in the Breakers hotel, which had 90 rooms and a guest list of about 400. It was built in 1895 by Henry M. Flagler of pine wood and burned rapidly.

The Poinciana barracks and a number of shops were burned. The Poinciana hotel and Bradley's club, threatened for a time, were saved through efforts of firemen summoned here from surrounding towns.

URGES COMPLETE RED CROSS HELP

WASHINGTON, March 19.—President Coolidge today sent a letter to John Braden Payne, chairman of the American Red Cross, suggesting that he put in operation "all the facilities of the Red Cross to assist in required relief" in the middle west cyclone disaster area.

Mr. Coolidge sent Payne another letter suggesting "extension of any assistance possible through the Red Cross organization to our sister republic, which has suffered from a flood and reported destruction of one of its important cities."

Judge Payne said all facilities available for the cyclone relief work are in or on their way to the stricken zone.

CHICAGO FRUIT AUCTION.

CHICAGO, March 19.—First grade navel, \$3.60@6.40; second grade navel, \$3.25@5.50; first grade lemons, \$3.95@5.50; second grade lemons, \$3.00@4.00. Naval market 25 cents lower on best grades; second grades steady. Lemon market 50 cents higher on best.

TRIES SUICIDE: WILL LIVE

SAN FRANCISCO, March 19.—Gabe M. Cohn, prominent cigar store owner, who yesterday attempted suicide by gas, is recovering rapidly, physicians reported today.

## RESCUERS DIG FOR BODIES OF 34 ENTOMBED MINERS

FAIRMONT, W. Va., March 19.—Two thousand feet in the depths of the Bethlehem mine No. 41, at Barrackville, near here, rescue workers dug on tirelessly today in search of the bodies of 34 men who were entombed in the workings by an explosion Tuesday night.

Waves of black damp and a roaring fire in the mine hampered the volunteer diggers.

R. M. Lambie, state superintendent of mines, announced today that the rescue workers would have to dig through another thousand feet of wreckage before the chamber where the men were trapped is reached. There is no hope now of rescuing the miners alive. Rescue workers are forced to wear oxygen helmets. Poisonous gases fill every crevice of the mine. The tail end of the cyclone that wrought havoc in the middle west struck here during the night, driving watchers who had kept a vigil on the hillside overlooking the mine to shelter.

## FIRST NIGHT IN JAIL FAILS TO DISTURB SHEPHERD, HELD FOR DEATH OF MILLIONAIRE

CHICAGO, March 19.—William Darling Shepherd, formally accused of murdering Billy McClintock by inoculating him with typhoid germs, awoke today in cell No. 13 at the county jail, where he is being held until the trial is called on the docket of criminal court.

Shepherd's first night in jail did not disturb him noticeably, guards said. He went to sleep soon after 9 p. m. and was awake at dawn.

Saturday, Shepherd will be arraigned before Chief Justice Jacob Hopkins, and at that time will plead not guilty to the murder charge, his attorneys announced. His attorneys will then argue to have him released on bond, pointing to the fact his \$1,000,000 legacy

## GASOLINE WAR NEAR AS PRICE CUT IS MADE

The gasoline price situation in Santa Ana and throughout California today pointed to the grouping of a large number of oil companies in a price-war against the Standard Oil company.

The larger oil companies and the smaller concerns yesterday announced a price reduction of one cent a gallon in the wholesale and retail prices of motor fuel, but the Standard Oil has refused to meet the lower price.

That company today continued to collect 18 1/2 cents a gallon here, while other companies and retail dealers were charging only 17 1/2 cents, including the state tax of 2 cents.

The price cut was made general for the coast by those companies having distribution covering that much territory, while smaller companies serving various local fields, made the lowest quotation effective in their respective fields.

According to press dispatches from San Francisco, officials of the Standard Oil company declined to comment on reports of a price war among the six big companies—Richfield, General Petroleum, Union, Shell, Associated and Standard.

P. H. Patchin, assistant to President K. R. Kingsbury, of the Standard Oil Company of California, said:

"So far we have taken no action and we do not care to make any predictions as to what we may do tomorrow or next year."

Patchin intimated that the price cuts made effective by other companies resulted from keen competition, a situation which the Standard has so far not found it necessary to meet.

## THREE DIE, TWO ARE BADLY HURT WHEN CAR SKIDS

LOS ANGELES, March 19.—Three persons were killed and two others were critically injured when their automobile skidded and overturned on wet pavement at a suburban street corner here early today.

The party was returning from a night of pleasure at a roadhouse on Washington boulevard, according to police, and was driving at fast speed when the machine skidded at the turn and crashed into a telephone pole.

The dead: FANNIE HAYES, 20. STANLEY FITTS, 29. JACK OAKS, 28.

Frank Anderson, 25, and Tom C. Gillian, were dangerously injured, and the former is not expected to live.

## 80-Mile Storm Sweeps Buffalo

BUFFALO, N. Y., March 19.—An eighty-mile gale struck Buffalo today, blowing lakeland steamers from their moorings and damaging several buildings under construction. The roof was blown from St. Stanislaus church at Niagara Falls. A nun was injured slightly.

## Report Curzon As Extremely Weak

LONDON, March 19.—Marquis Curzon of Kedleston, lord president of the council, was reported "extremely weak," in a bulletin issued shortly before noon today. His condition was described as critical. Lord Curzon has been ill nearly two weeks with hemorrhages.

## TRADES COUNCIL TO DECIDE ON POLICY

MONTEREY, Calif., March 19.—Committees which worked all day yesterday while delegates to the 25th annual convention of the California State Building Trades council took a holiday with citizens of the Monterey peninsula, were to make their reports to the convention today.

Little could be learned in advance regarding the contents of the report, except that they affect the policy of the council and its attitude toward employment conditions throughout the state, together with sundry recommendations regarding proposed laws, which will be sent to the state legislature.

Cities bidding for the next convention include Santa Cruz, Santa Rosa, Marysville and Pullerton.

## PLANS EXTRA SESSION FOR TAX CUTTING

President Informs Senate of Intention of Calling Special Congress Meet

### MAY BE IN SEPTEMBER

Committees to Start Work On Prospective Bill By Either July or August

WASHINGTON, D. C., March 19.—President Coolidge plans to call a special session of congress in September to consider further tax reduction, members of the senate were informed today as they prepared to close their office here and leave for home for the summer.

Chairman Smoot, of the senate finance committee, and Chairman Green, of the house ways and means committee, have told members of their committees to be ready for call the latter part of July or the early part of August. These committees are expected to return and work upon the prospective tax bill so that all may be in readiness for the return of congress in September.

The record of congress from the beginning of the regular session in December to the end of the special session of the senate yesterday, was marked by failure to meet the president's desires which was climaxed in the sensational rejection of the nomination of Charles E. Warren as attorney general.

None of the outstanding proposals of Mr. Coolidge in his message to congress at the opening was realized.

Congress did little more than pass the usual appropriation bills and one important measure—the postal rate and salaries increase which the president did not recommend.

## RELATIVES OF SANTA ANAS ESCAPE STORM

Echoes from the terrific storm which swept through Southern Illinois, Southern Indiana and Missouri yesterday, claiming hundreds of lives, was heard here today, with telegrams received by Santa Ana persons, from relatives and friends, who are in the stricken area.

Grave fear for the safety of Will Clem, father of Stanley Clem, of the Santa Ana Lumber company, was expressed by young Clem, who, early today, received a telegram from Danville, Ill., which read: "Father died at 6 a. m. today."

In that Clem's father did not reside in Danville, but in Georgetown, Ill., Clem was of the opinion that the death notice referred to a brother of Mrs. Stanley Clem, who had been ill for some time. The man referred to is Edward Long, son of Mrs. W. L. Long, who is the mother of Mrs. Clem, and who resides at 1614 Baker street, Danville, Ill.

Stanley Clem was today endeavoring to get a wire through to his father at Georgetown, to verify the report, but on account of crippled wire service, had not been successful, early this afternoon.

In spite of the fact that 100 of the 300 inhabitants of Griffin, Ind., were reported killed in the cyclone, word received here early today by J. V. Connett, city freight and passenger agent for the Union Pacific railroad, announced the safety of Mr. and Mrs. V. A. Dixon and two daughters, the immediate family of Mrs. Connett.

The telegram announced that the entire city had been "blown away" and many people killed.

Mrs. Connett has a number of distant relatives living at Griffin, of which the death notice had been heard. Griffin is located 27 miles north of Evansville, Ind., on the Illinois Central railroad.

## Brain Monster Is Blamed for Poison Deaths

MEDINA, O., March 19.—A psychological monster that gripped the brain and warped the soul of Mrs. Martha Wise, 43, was blamed today for the deaths of three children.

The Hardacre widow admitted putting arsenic in the water buckets at the Glenko home.

These deaths resulted:

Mrs. Sophie Hazel, mother of Mrs. Wise.

Mrs. Lillian Glenko, her uncle.

At least a dozen other relatives were made critically ill.

## FORMER SENATOR CULBERSON DIES

WASHINGTON, March 19.—Former Senator Charles A. Culbertson of Texas, died at his home here at 6 a. m. today.

Culbertson was at one time the chief power in Texas politics. He was a vigorous attorney until late in his service in the senate, when he was stricken with an ailment which necessitated his being carried about in a chair. Nevertheless, he attended senate sessions daily and took his part in the routine work in the senate.

Despite his illness, Culbertson declined to withdraw from politics and when his last senate term expired he decided to run again. But, due probably to the fact that he could not campaign the state in his usual vigorous fashion, he was defeated in securing the Democratic nomination by Senator Earle B. Mayfield, who now holds the post.

## TWO FIRMS BID ON U. S. BOARD SHIPS

WASHINGTON, March 19.—Bids opened at the shipping board here today on five president type liners, now operated by the Pacific Mail, were limited to one by the Stanley Dollar Steamship company for \$5,625,000, and one by the Pacific Mail for \$6,750,000. The board took the bids under consideration.

## EXPRESS SYMPATHY ON CYCLONE HAVOC

SACRAMENTO, March 19.—The assembly today unanimously adopted a resolution sympathizing with the people of Illinois for the disaster which yesterday visited that state, leaving in its wake a trail of death and destruction.

The resolution was introduced by Assemblyman Byron J. Walters of San Diego and was taken up in the lower house it was sent to the senate for concurrence.

A copy of the resolution will be sent to Governor Len Small, of Illinois.

## Press Time Bulletins

SPRINGFIELD, Ill., March 19.—Governor Len Small today left for southern Illinois to personally direct relief work in the tornado-stricken area.

EVANSVILLE, Ind., March 19.—Unofficial count of known dead in the Indiana tornado at 2 p. m. stood: At Griffin, 50; Princeton, 21; Owensville, 19; Stewartsville, 2.

ST. LOUIS, Mo., March 19.—Searchers report that 500 bodies have been recovered over the entire storm area. At Murphysboro, Ill., the town, which received the brunt of the storm's punishment, 200 bodies have been recovered. Eighty-nine bodies have been saved from the charred wreckage at West Frankfort and a like number at De Soto. Both cities are reported to have between 150 and 250 dead. The storm appears to have spread clear across the state of Illinois.

## 600 TO 900 PERISH AND 2000 ARE INJURED AS STORM SWEEPS 23 TOWNS

Cyclone Path Covers Southwest Illinois and Parts of Indiana and Eastern Missouri

CHICAGO, March 19.—The devastating tornado that ripped through southern Illinois, eastern Missouri and southwestern Indiana late yesterday took a toll of dead variously estimated between 600 and 900; injured approximately 2000 persons; rendered hundreds homeless; and imposed property damage placed at many millions of dollars. Twenty-three towns in the three states were swept by the storm, many being virtually flattened. The force of the blast was so great that persons were carried for half a mile and structures ripped from their foundations and thrown for hundreds of feet.

## CYCLONE CASUALTY LIST AS REVISED

The southern Illinois death list, as revised at 10 a. m.,

CITY	Dead	Injured
Gorham	30	50
Murphysboro	400-800	900
De Soto	150	400
West Frankfort	250	400
Royalton	5	25
Posesville	25	50
Bush	10	60
Caldwell	2	15
McLeansboro	10	25
Logan	10	40
Orient	7	35
Annapolis, Mo.	2	35

In other sections of the country hit by cyclones, the dead list is increased by the following:

CITY	Dead	Injured
Posesville, Ind.	5	20
Owensville, Ind.	5-20	20
Summer Co., Tenn.	34	20

## RED CROSS IN CYCLONE ZONE RESCUE WORK

WASHINGTON, March 19.—Entire resources of the Red Cross were mobilized to relieve suffering in the zone stricken by the tornado in Missouri, Illinois and Indiana.

The hospital staff of the Red Cross worked all night mapping plans for comprehensive relief.

Doctors, nurses, surgical and medical supplies, food, clothing and shelter materials are being dispatched to every affected community as fast as transportation can be secured.

A 90-mile gale hit this territory, blowing down wires and seriously interrupting communications.

SOUTHERN ILLINOIS AWAKENS HOMELESS.

ST. LOUIS, Mo., March 19.—Southern Illinois awakened homeless this morning, flattened by cyclone and gutted by fire.

Death tolls mounting into the hundreds—reported this morning at 708—property damages amounting to many millions and more than 1500 persons injured, is the result of the roaring twister which cut a swath across Illinois, Indiana, Mo., across Illinois into Indiana.

Whole towns were almost destroyed. De Soto and Gorham are little more than charred memories. West Frankfort and Murphysboro, the latter place where the hurricane seemed to reach its fury, were partly destroyed.

It is estimated that 20,000 persons are without homes as a result of the whirling wind.

RUSH RELIEF WORKERS.

Relief measures are under way. With nurses, doctors, tents and first aid supplies rushed overnight from Chicago, St. Louis and other cities.

Relief trains have arrived at Murphysboro, Gorham and Annapolis. At Murphysboro, the relief work is in charge of Henry M. Barker, of Washington, national disaster relief director of the Red Cross who was in St. Louis on business when first reports of the disaster reached here.

In the devastated area, tents have been erected, kitchens built and bunks laid out for the victims. Hospitals of the entire area are filled to the overflowing point and in Carbondale, Benton and Duquoin, churches, schools and larger public buildings have been transformed into relief hospitals.

The death-dealing winds swung down on Annapolis, Mo., the first town in the path, shortly before 3 p. m. Wednesday. Houses were leveled, three uprooted and debris whirled through the air. Only three persons are known to have died there, but many more were injured.

(Continued on Page Two.)

## KIDDIES ESCAPE AS LIGHTNING STRIKES

NEW HAVEN, Conn., March 19.—Lightning struck the steeple of St. John's church here this morning just as 600 children were leaving the building at the close of a special children's mass. None of the children were injured.

## TORNADO DISASTERS OF LAST 25 YEARS

Notable disasters during the last 25 years in the tornado belt of the middle west and southwest include these:

June 28, 1924 — More than 100 killed, 3000 injured, at Lorain and Sandusky, O.

March 27, 1924 — Twenty-four killed in Kansas, Oklahoma, Missouri and Ohio.

July, 1923 — Sixty-three killed in Pomeroy, Ia.

April 25, 1923 — Nearly 100 killed in various Oklahoma towns and villages.

June 23, 1919 — Sixty killed, 400 buildings destroyed at Ferguson Falls, Minn.

May 31, 1917 — Sixty-seven killed and 200 injured in southern Missouri and southern Illinois.

March 13, 1913 — Loss of life in Peoria, Ill., Vincennes, Ind., and towns in Louisiana and Tennessee.

April 24, 1908 — Nearly 500 killed in windstorms in Mississippi, Louisiana and Alabama.

June 5, 1908 — Twenty-seven killed in northern Kansas and southern Nebraska.

May 9, 1905 — Thirty killed at Marquette, Kas.

May 11, 1905 — One hundred and thirty killed at Snyder, Okla.

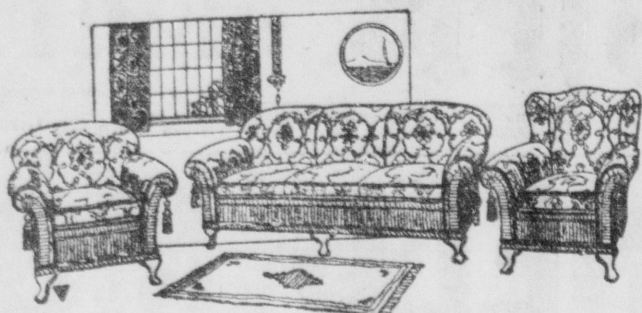

Easter Sunday, 1913 — One hundred and forty killed, 350 injured, 655 homes destroyed, 2500 homeless in Omaha, Neb., tornado.

## Refer Couzens Tax To Supreme Court

WASHINGTON, March 19.—The treasury department's arbitrary assessment against Senator Couzens, Michigan, for \$11,000,000 in 1919 income tax and which Secretary Mellon thinks he should pay, will be taken to the supreme court to get a final decision on the legality of reopening closed tax cases, treasury officials said today.

One lot of extended checked Marquisette, cream or ecru, 36 inches wide, it, a yard . . . . .20c

If you have had shoe troubles bring the family in here. We have been shoe merchants for many years and our experience is at your service.  
Good shoes at popular prices.

## 434 LOSE LIVES 600 TO 900 PERISH IN ILLINOIS. IS IN MID-WEST STORM EARLY ESTIMATE

(Continued from Page 1.)

SPRINGFIELD, Ill., March 19.—Eighty-four dead at West Frankfort, 200 dead at De Soto and 150 at Murphysboro, are the first official estimates of dead in the wake of the tornado in Southern Illinois, received by state officials today. In a telegram from Col. Samuel N. Hunter, of the Illinois National Guard, Governor Small received first details of the catastrophe. Citizens' relief committees worked throughout the night, Colonel Hunter reported, and the work is being continued today. Many left homeless by the storm will need protection and Colonel Hunter requested that tents be procured for the sufferers.

**Relief Groups On Scene**  
A wire from William Baxter Jr., Red Cross official at St. Louis, stated that three groups of relief workers are on the scene in the stricken area. Colonel Hunter's telegram reads as follows:  
"Governor Len Small:  
"Eighty-four dead found West Frankfort. Dead at De Soto will approximate 200. Murphysboro dead to date, 150. Citizens' relief committees organized and working all night, continuing today. Tents for homeless will be needed."  
(Signed) "Colonel Samuel N. Hunter."

The Baxter message reads:  
"Red Cross is active  
"Supplementary to previous wire: As result of later reports from devastated area, the American Red Cross has sent three groups of relief workers, doctors and nurses into Jackson and Franklin counties, one to West Frankfort, one to Murphysboro and one to Gorham. All three groups have now reached destination. Red Cross chapter in disaster area at work. Others in touch with this office awaiting instructions. Henry Baker is at Murphysboro with authority to act for the Red Cross."

Members of General Black's staff declare that, due to the wide-spread area of the storm, and in view of the fact that casualties are scattered throughout the country, as well as in the centers of population, no official total estimate probably will be available for several days.  
**SAYS STORM CUT SWATH 100 FEET IN WIDTH**  
DU QUOIN, Ill., March 19.—The first authentic story of the destruction of De Soto and Murphysboro, Ill., was told today by A. W. Essick, editor of the Du Quoin Call.

Essick was the first outsider to get into Murphysboro after the storm struck and his description of the tragedy was the first authentic word out of the stricken city.

"The storm struck the city at the southwest corner and swept directly through the business district, cutting a swath about 100 yards wide.  
"The dome was lifted completely off the city hall and hurled down the main street. The high school was demolished and virtually every building in the path of the storm was wrecked.  
"Fire broke out almost immediately after the storm swept over the town. One woman was burned to death and I counted 150

### BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove it  
Dr. Edwards' Olive Tablets, the

substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

### Protect Your Eyes

from the glaring rays of the sun. This can be accomplished by having your eyes tested and the proper lens ground in tinted crystal.

This not only gives you perfect eyesight but shuts out the injurious light rays as well.

## 434 LOSE LIVES 600 TO 900 PERISH IN ILLINOIS. IS IN MID-WEST STORM EARLY ESTIMATE

(Continued from Page 1.)  
injured.  
But the real damage came after the storm struck southern Illinois, where its deadly path included the principal cities of "Egypt," as the region is known.

One-third of West Frankfort was flattened. Subsequent fire also added misery. Three hundred homes are in ruins there. Eighty-five bodies have been recovered.

At Murphysboro, the town was almost wiped out. What few buildings remained standing soon were burned by the flames, which could not be checked owing to the storm having ruined the water supply. In several instances, dynamite was used in an attempt to check the flames.

Of the 150 reported killed at De Soto, approximately one-half were school children, according to reports here. The twister completely destroyed a combined high school and ward school in which more than 200 pupils were housed.

**88 Bodies from School**  
Eighty-eight bodies have been removed from the wreckage of that building and several students still are missing.

At Gorham, 35 persons were said to have died when the cyclone flattened the entire city. Few buildings were left standing and frantic calls for help were sent out by the victims. One of the relief trains has arrived here.

Besides these larger cities, a score of smaller communities were whipped out of existence and the loss of life and number of injured probably will remain unknown for several days.

Among these latter communities were Parrish, Ill., where the wind was reported to have been so strong that bodies were tossed more than a mile from the city. Many dead are reported from there, although it is a town of only a small population.

**100 Die in Indiana Town**  
The wind whirled across Illinois and made its last final stand at Princeton, Ind., according to reports to the Red Cross. There 100 persons were reported killed and twice that number injured. It seems to have lost its intensity from there.

At West Frankfort, the Chicago and Western Illinois railroad bodies of storm victims in one undertaking establishment.

"From Murphysboro I went directly to De Soto. This town is completely wiped from the map. Death and destruction are everywhere, and not one-third of the population escaped death in the hurricane.

"The scene is one of absolute and indescribable desolation and the horror of fire adds to the travail of the day."

### DEATH TOLL HIGH IN INDIANA TOWNS

EVANSVILLE, Ind., March 19.—Casualties in the cyclone which laid southwestern Indiana prostrate late Wednesday, reported at 9 a. m. today, were:

Twenty known dead at Princeton, Ind. Possibly 25 or 30 bodies still in wreckage and 100 persons injured.

Twenty-five known dead at Griffin. Scores of others believed killed or burned to death in fire that swept wreckage of houses and business buildings.

From five to 20 reported dead and 30 injured in Owensville. The town is completely isolated and only meager reports as to the extent of the damage are obtainable.

Five reported killed at Poseyville, with from 20 to 30 injured. Griffin was heavily damaged. A heavy death toll is feared, but the destruction is so great a check has not yet been possible. The town has a population of 800 and only a small portion of these have so far been accounted for.

Ask your grocer for a loaf of Queen bread baked at the Home Bakery.

210 West 4th St.  
Spurgeon Building

yards were burned, surface plants of several large mines were destroyed and more than a score of miners were reported dead when the wash house of the Orient mine was blown over.

A number of school children were killed at Murphysboro when a public school, in which 245 pupils were housed, was blown over. Rescue work was slow in starting there, owing to the menacing fire

which broke out.  
The storm brushed into Williamson county, but did little damage, save at Bush, where one person was reported killed. Herrin was only a few miles outside the storm's path.

The dead and injured list was increased today when it became known that 10 persons were killed at Logan, near West Frankfort and 60 injured.  
Fear also has been expressed

that seven students of a school near Orient were killed. The school was destroyed and no trace of the children has been found.

## Death Notices

A WORD OF COMFORT  
Your spirit needs rest. Year after year you have plunged on from one exciting contest to another and you have had no leisure to think of God.

Now in your hours of sadness be still awhile and rest in Him. His touch will be balm to your aching heart.

Waste no time in useless regrets at your past neglect of Him. He understands. Trust Him now to lead you gently forward; be not afraid. Tomorrow is ahead with joy and peace undreamed of.

KELLER—In Santa Ana, March 18, 1925, Infant daughter of Mr. and Mrs. Paul W. Keller of Newport Beach. Private services were held this morning at 10 o'clock from Winbigler's Mission Funeral home.

## FUNERAL NOTICE

Funeral services of Calvin Coleman who passed away March 18, will be held Friday 10 o'clock from P. A. Utter and Sons, 250 West Main street, Alhambra, Calif., by Winbigler's. Interment in Forest Lawn cemetery.

## CARD OF THANKS

We wish to thank our many friends and relatives for their sympathy and beautiful flowers in our recent bereavement.

MRS. KATHERINE ADAMS

Correct Clothes To Meet The Obligation Of Every Occasion

Copyright, 1924, by Beunash

## HOW MANY BUTTONS?

Among some fashion writers it is the fashion to announce magisterially, that your coat must have but one button, or just two buttons, or merely three buttons, or surely four buttons, and that you haven't all your buttons if you haven't this precise and particular model. Such attempts to herd all men into a single style fold may be effective in Europe, but they will never be successful in America where one's individuality is a cherished possession. We reserve the right to pick our own buttons, and if the other fellow doesn't like it he may go to Hellespont or some other place in the Dardanelles. Quite aside from this, the number of buttons upon a coat is not a matter of fashion at all, but a matter of the wearer's figure, taste and even whim. Style becomes obnoxious and ridiculous when it becomes a dictator, except in cases, like evening dress, where general agreement and good manners govern correct usage.

Therefore, when you approach the selection of your Spring suit, dismiss the inconsequential subject of buttons, for two are quite as smart as three and vice versa, if only the model you choose is one that looks well on you. The same thing applies to the single-breasted and double-breasted coat. Either is correct, though the D. B., as it is stenographically termed, has lately come into particular prominence among young men because of the supposed sponsorship of the Prince of Wales and his set.

Similarly, the peaked lapel is again the favorite, though the sharp-cornered and blunt lapels are quite as proper. Coats are partly or decidedly cut away in front to convey the appearance of a long span of limb, as portrayed in the accompanying sketch. The coat to which young men are most partial is broad of shoulder and tapers to trimness across the hips, a sort of wedge effect, as it is sometimes described. Trousers are still cut straight and full for comfort, but "sailor bottoms" are a doubtful and certainly an ugly style.

Granted that most youngsters prefer turn-ups on trousers, many well-dressed men now draw the distinction of omitting them on trousers for town and business wear, especially if they are cut of smooth-finished woollens. On trousers for country or knockabout cut of roughish fabrics, such as tweeds and homespuns, turn-ups are advisable, even indispensable, because their weight keeps the cloth hanging full and straight. In any event, shun exaggerations. Have your trousers wide but not too wide in proportion to your height.

## PAGEANT PLANS COMPLETED BY CITY SCHOOLS

Plans for the grade school pageant of the seasons, to be held at the high school auditorium, April 2 and 3, are being completed in all the schools of the city today. The pupils of Lowell school will represent the month of January in the pageant.

Little tots will be dressed to represent snowflakes and icicles. The principal characters from Lowell school will be Father Time, Curtis Bistol, Old Year, Royce Prior, New Year, Billy Brooks; Miss January, Joy Best.

The children who will represent snowflakes are Doris Rohrbacher, Virginia Trickey, Alberta Sanford, Aileen McKee, Thibba Bell Hill, Carolyn Cushing, Betty Thompson, LeOra Hatch, Melba Lake, Mary Read, Joy Best, Evelyn Fairley, Lucille Kuykendal, Marguerite Lewis, Dorothy Gowan, Kathryn Benham, Robert Patton will be the snow man.

Iceicles will be portrayed by Marguerite Price, La Vern Stewart, Viola Wiley, Margaret Willbrandt, Bernice Adams, Josephine Bradet and Lucy Chapman.

## Plan Another Wedding After Annulment Suit

A suit for annulment of marriage, filed today in the superior court by Emma Huffile, of Seal Beach, against her husband, C. M. Huffile, represents the "way out" for a happily married couple who suddenly discovered that the husband was not divorced from his first wife.

According to information made known today with the filing of the suit, Huffile has a former wife, Clara Huffile, living at Duluth, Minn. He married her in 1920 and in 1921, when she sued him for divorce, he did not contest the case. He and his attorney later read a newspaper report that his wife had won her decree.

In July, 1922, he married again. A few days ago, the little home at Seal Beach, which had, in the meanwhile, been blessed with a son, now 11 months old, was upset by news from the east that the wife. The newspaper report had divorce had been denied the first time in error.

The news brought a separation, though not an estrangement. In order to untangle the situation, Mrs. Huffile brought suit for annulment through Attorney Kenneth Burns.

When the way is legally cleared there will be another wedding, it is said.

## 100 at Efficiency Club Gathering

Regular meeting of the Efficiency club of the Southern Counties Gas company was held last night in the offices of the Santa Ana company, at which more than 100 employees of the plant were present.

The meeting was under the direction of Fred Merker and the principal speaker of the evening was Frank Bivens, general agent, with headquarters in Los Angeles. Mr. Bivens spoke on service and courtesy to the general public. A. F. Hamilton, superintendent of transportation, also was a speaker. Music was furnished by an orchestra.

## Guaranty Co. Elects Officers

Reports of officers disclosed to stockholders at their annual meeting yesterday that the Abstract and Title Guaranty company had a successful year's business in the past twelve months, according to D. N. Kelly, manager.

Officers were elected as follows: Dr. C. D. Ball, president; D. C. Pixley, H. C. Dawes and Kelly, vice presidents; Kelly, secretary, treasurer and manager; R. A. Kloess, assistant secretary; H. J. Forgy, Dawes and M. Phillips, finance committee; H. J. Forgy and S. M. Reinhaus, attorneys.

Kelly announced today that he had appointed Kloess superintendent of the title and escrow departments.

ANGRY FOREVER.  
CAMBRIDGE, Mass., March 19.—Professor W. B. Cannon of Harvard University has discovered a method of operating on the brains of animals which makes them permanently angry and at the same time removes all sense of pain. The cat's hair stands up, its claws are drawn out and it scratches and spits.

and Mrs. R. L. Dans, San Diego; O. F. Haughey, San Diego; W. H. Vainwright, San Diego; Frank Linder, Carl Seitter, Lydiah Linder and Mrs. A. W. Golden, San Diego; Mr. and Mrs. W. Mathem, San Diego.

Registrants at St. Ann's Inn included Mrs. M. C. Andrews, Miss M. Andrews and Roger Andrews, San Diego; C. T. Fideaux, San Diego; Mrs. J. J. Scott and Miss Margaret Scott, Hamilton, Ont.; Canada; K. H. Colley, Riverside; Mr. and Mrs. H. E. Montague, San Diego; Jay Crocker, Los Angeles.

In Hill & Garden's advertisement appearing in Wednesday's Register, Stetson hats were incorrectly quoted from "\$5 to \$10." The item should have read, "Spring Hats \$5 to \$10."

Attention of members of Hermosa Circle, Order of Eastern Star, is called to an error which appeared in the quarterly bulletin of the circle. The date of the next meeting was given as April 16, but this should have been April 9. The place of meeting will be announced later.

## Father of S. A. Man Passes In Santa Barbara

To attend the funeral of his father, the Rev. James Thompson, which will be held in Santa Barbara tomorrow, Roland Thompson, of Santa Ana, was in that city today. The Rev. Mr. Thompson, who was 78 years old, died in Santa Barbara Wednesday morning. He was born in Denmark and for more than 19 years held Presbyterian pastorates on the Pacific coast.

In addition to his widow, Frances Holland MacKenzie Thompson and Roland Thompson, the deceased is survived by eight other children, Former State Senator Rodrick Thompson, of Santa Barbara; Mrs. J. E. Henry, Panama; Mrs. G. W. Lyons, Alturas, Cal.; Mrs. Henry Lyman, Puna, Hawaii; James H. and Kenneth P. Thompson of Santa Barbara; John Dudley Thompson, New Haven, Conn.; Miss Helen Thompson, Santa Barbara.

## BOY SCOUTS TO HOLD BIG FIELD MEET MARCH 28

Annual field day meet of the Boy Scout organization, an event to which scouts look forward throughout the year, will be held in the city park, Anaheim, March 28, starting at 1 o'clock it was announced today by Roland E. Dye, scout executive.

An elaborate program has been worked out and a large attendance of scouts, their families and friends is anticipated.

The meet will begin with a parade through the business district of Anaheim. The parade will commence promptly at 1 o'clock from the park.

Included on the program will be contests in life-line throwing, fuzzle-whittling, fire-building, wall-scaling, flap-jack cooking, first aid race, middle of the sands observation and a dressing race.

All scouts registered and certified at the executive office here are eligible to take part in the events.

Many scouts living in Santa Ana are expected to take part in the parade and meet, Dye says. The meet will close at 5 o'clock.

## Wife Was Menace, Claims Mate In Seeking Divorce

In his divorce complaint, on file today in superior court, Clarence E. Singleton, Santa Ana, declares he separated from his wife, Helen R. Singleton, when her conduct "became unbearable and unsafe."

They were married in Los Angeles in 1918, and separated in Santa Ana last December 4. Mrs. Singleton, he said, falsely accused him of associating with other women, and let her suspicious lead her to frequent violence; but she apparently believed it was all right for her to go with other men. Anyway she went with them, her husband alleged. Following the separation, Mrs. Singleton spent several days at Tia Juana with Graham, it was charged.

She humiliated her husband at dances, he said, by trying to make dates with his men friends. Several times, he alleged, she called him by telephone at the garage where he was employed, and quarreled with him so that he lost his job.

Attorney Charles D. Swanner filed the divorce suit on behalf of Singleton.

## Farm Bureau Notes

Representatives of the various agriculture clubs of Orange county will meet with W. M. Cory, assistant farm advisor, in the hall of records building Friday night to discuss plans for club work. The session will begin at 7:30 o'clock. All those interested are invited to be present.

According to Cory, there is a growing interest among the boys and girls of the county in agriculture club activities. Additional clubs will be formed this spring, he says.

Persimmon Men To Meet  
A meeting of persimmon growers to discuss root-knot control will be held in Fullerton tomorrow, it was announced today by H. E. Wahlberg, farm advisor, who is arranging for the gathering.

Among those invited to speak are A. A. Brock, county horticultural commissioner; a representative of the Persimmon Growers' association, and G. W. Sherwood, owner of a large grove near Fullerton.

Test Walnut Compound  
A test of compounds used for treatment of walnut trees that have been pruned was held at the Lambert & Wells grove, Santa Ana, yesterday. Because of the importance of securing a compound which will prove effective, walnut growers are watching the tests with great interest. Ten different compounds were used in the test yesterday. The meeting was held under the auspices of the farm advisor's office.

Center Plans Sessions  
Two farm center meetings were announced today. The Westminster center will meet Friday night and the El Toro organization will meet Saturday evening.

Radio supplies at Hawley's.

RADIO at Gerwing's, 312 Broadway.

## MRS. FULLER MADE STRONG

Lydia E. Pinkham's Vegetable Compound Helped when Other Medicines Failed

Walpole, N. H. — "I have used Lydia E. Pinkham's Vegetable Compound and find it has improved my health wonderfully. For months and months I was not regular and had terrible pains. They used to affect my side so I could not work. I read of others being helped by the Vegetable Compound, so I thought it might help me. I am very much better now, strong enough to do my own housework, and have two dear babies to care for besides. I tried other medicines before taking the Vegetable Compound, but I was never treated for my troubles. I speak highly of the Vegetable Compound to my friends and recommend it to any woman for rundown and nervous condition." — Mrs. T. H. FULLER, Walpole, New Hampshire.

Over 200,000 women have so far replied to our question, "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?" "Yes," and because the Vegetable Compound has been helping other women it should help you.

## CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers.  
Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation. Adv.

## SOCIETY

### Birthday Surprise Well-planned By Mrs. Dye

Her husband's birthday falling on St. Patrick's day, offered Mrs. Roland E. Dye an excellent opportunity to plan a gay little bridge party as a surprise on the genial Scout executive at their home, 824 Cypress street, where purple iris and bright yellow daffodils offered a charming decorative effect.  
St. Patrick symbols were not used in decorations lest they arouse the suspicions of the host who had already been slightly puzzled by his wife's disregard of his suggestion to attend the theater as a little birthday event. The arrival of Mr. and Mrs. Fred Gilbert for an informal game of cards offered a logical reason for giving up the theater plan however, and it was a very much surprised host who was later called upon to accept birthday congratulations from a little group of merry-makers.

They included Mr. and Mrs. Fred Newcomb, Mr. and Mrs. R. R. Miller, Mr. and Mrs. Fred Shilling, Mr. and Mrs. Edwin Wright and Mr. and Mrs. Gilbert, the first-come.

Card tables were soon placed and vivid Irish tally cards distributed. After a lively session of bridge, Mr. and Mrs. Gilbert were found to have scored high and were each presented with a bridge deck of cards while Mr. and Mrs. Newcomb were low and Mrs. Newcomb received gay green garters and Mr. Newcomb received a gay green garter-snake.

Mrs. Dye served her husband's favorite cake together with Killarney ice cream and other dainties with Mrs. Gilbert aiding in arranging the tables with attractive linens and serving the mid-night supper at which small Irish flags were birthday cake favors in place of the usual candles.

### Day Nursery Needs And Party Plans

Tiny soft shirts, simple little dresses and outing flannel "nighties," warm booties for pink baby feet, all these are crying needs of the Day Nursery, according to Mrs. T. D. Knights, chairman of the Day Nursery committee of Ebells club who today asked that the call be sent forth to generous mothers of Santa Ana whose own blessed babies have grown beyond the long dress and woolen bootie stage.  
"There is never a day but what we have a call from some poor little expectant mother who is unable to purchase the tiny garments needed," declared Mrs. Knights who suggested that there might be hundreds of women in the city who would so gladly give of their store of unused baby clothes, if they but realized the need and demand for them.

The Day Nursery is one of the most cherished of Ebells many activities and it will benefit soon by a most ambitious affair which will be staged at the clubhouse, the afternoon bridge party scheduled for Thursday, March 26 at 2 o'clock.  
The first consignment of 300 tickets found a ready sale and Mrs. Emrys D. White of the general committee today said that the second consignment is now on sale by Mrs. Joseph Metzgar at 116 Bush street. The party will not be confined to Ebells members but is open to all who enjoy a friendly afternoon at bridge. Table or single place reservations may be made and the pivot plan of playing will be adopted with prizes for high score at each table.  
All proceeds will go into the Day Nursery fund so the leaders in the plan are rejoicing over the response from their friends.

### Current Events

Mrs. R. W. Townsend and Mrs. C. M. McClintock will entertain the First Current Events section of Ebells at 4 o'clock uncheon, Tuesday, March 24, at the Townsend home, 926 South Main street. Members are asked to call Mrs. Townsend at 1816 and notify her of their plans for attending.

### Unique Idea For Shower Gift

Mrs. Mrs. R. V. Adkins of 712 West Highland avenue is today planning with pleasure the expenditure of the bright gold money, which was presented to her Tuesday by a company of her friends, who surprised her in the afternoon.

The happy little surprise was planned in anticipation of the coming of the stork to the Adkins home, and while Mrs. Adkins was called to a neighbor's home, the group of conspirators entered her house and decorated it prettily with fragrant sweet peas, and then awaited her return.

Afternoon hours were whiled away with happy chat and refreshments of sandwiches, cake and coffee, thoughtfully prepared by the self-invited guests, were served. Mrs. Adkins was presenting a pretty basket in which she found the gold, with the advice that she was to have the happiness of expending it as she wished.

### Missionary Society

The meetings of the Woman's Foreign Missionary auxiliary of the First Methodist Episcopal church are always inspirational, educational and pleasurable and the one held Wednesday afternoon lacked none of these qualities.

Mrs. Fanny Lash's devotional message was illustrated by four pictures of celebrated rivers of the Bible, drawing from them helpful lessons. She also told what rivers in China (the country studied this year) mean to the people there, for so many thousands live in houseboats on the rivers and much missionary work is done among them. Mrs. Palmer, the president, spoke of the branch meeting to be held in Glendale Wednesday, April 8, when many will attend from this auxiliary. She also announced that as next Monday is the fifty-sixth anniversary of Founders' day and that celebrations will be held all over Christendom, that locally there would be a birthday party in the church parlor Monday, March 23 at 2:30 when a fine program would be given.

Every department of work will be represented from the wee ones of the King's Heralds, Standard Bearers, and Doris Welles auxiliary to the Senior society. The happy social time is planned with light refreshments to complete the afternoon. Any one interested in this work is invited to attend.

Two delightful solos were given by Freddie James accompanied at the piano by his mother. His selections, "The Busy Day" and "Vacation Days" were charmingly given with the manner and voice of an older trained singer. Mrs. Van Nest spoke on the stewardship of time, personality, possessions and prayer. Mrs. La Rue Mayer very graciously sang by request "The Old Rugged Cross," accompanied by Mrs. Snow, pianist. Mrs. S. M. Davis then gave the address of the afternoon, her subject being "Outstanding Missionary and General Events in China from 1912 till 1919" with many interesting items from letters received from Ming-Kwong, Central China.

### A Raw, Sore Throat

Eases Quickly When You Apply a Little Musterole

And mustersole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clear, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, neuritis, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds on the chest. Keep it handy for instant use.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

50c and 65c jars and tubes; hospital size, \$3.00.

Better than a mustard plaster.

a benefit for the dining-room equipment of the soon-to-be established school cafeteria.

With every school family of the city knowing from the small boys of the home, how true to life "Penrod" is, and with everyone being familiar with the young man and his exploits as recorded by "Tark," that authority on the American boy, the film is expected to draw large audiences at all three showings, the matinee at 3 o'clock and the evening shows at 7 and 9 o'clock.

It will be equally enjoyable to the youngsters who are expected to flock to the matinee performance which has been arranged to follow school hours.

Julia Lathrop

Mothers of the young girls of the graduating class of Julia Lathrop school are especially urged to attend the P.T. A. meeting tonight at the cafeteria of the school, for one of the important questions for discussion will be the graduation frocks of the girls. The meeting will begin at 7:30 o'clock and an interesting program directed by Miss Edith Cornell, will be given.

W. R. C. WOMEN HAVE ALL-DAY SESSION

HUNTINGTON BEACH, March 19.—Members of the Woman's Relief Corp held an all-day meeting at the Woman's clubhouse here Tuesday afternoon. A quilting bee was held during the morning. A pot-luck dinner was served at the noon hour. Business of the organization was attended to in the afternoon.

ed in honor of Mrs. Bennie recently.

Mrs. S. A. Moore, 228 Ninth street, was the hostess yesterday to the members of the P. E. O. Miss Jennie Lasby, teacher in the Santa Ana high school and Junior college, was the speaker of the meeting. Regular business was also taken up. Refreshments were served.

Radio Supplies at Hawley's.

## There is no Need to Suffer from Indigestion.

When there is quick relief at hand, it is folly to let indigestion and other stomach disorders impair your efficiency and your pleasure in life. Thousands of people have found that it is not necessary to tolerate such a condition.

M-A-C, the famous old stomach tonic, will not only give an almost immediate relief from the acute discomforts of gas on the stomach, heartburn, and sour stomach, but it will generally restore the natural action of the digestive organs if its use is continued for a time.

Many who first used M-A-C as a quick relief from stomach discomforts, continued it until it had resulted in a cure of their disorders. It is mild in its action and is easy to take.

If you would know the satisfaction of regaining your old time vigor and strength, put an end to stomach trouble. Go to C. S. Kelley Drug Store today at Santa Ana and ask for M-A-C. Your money will be refunded on the first bottle if it does not bring relief. (Adv.)

## Irish Birthday Is Celebrated By S. S. Class

Since Mrs. Will A. Betts, wife of the pastor of the First M. E. church, has the honor of sharing birthdays with St. Patrick, members of the Two-in-One class of the Sunday school deemed it a fitting occasion for celebrating, which they did on Tuesday night at one of the pleasantest parties of their class history.

Planned by Messrs. and Mesdames Robert Garner, Ernest Ridenour, Warren Freeman and W. D. Finn, the affair was in keeping with the birthday idea as well as St. Patrick's day, with green decorations, a birthday cake and every imaginable pleasure which the fertile minds of the host group could devise.

Soon after the arrival of the half hundred guests, a most entertaining program was presented with Robert McGahey being the particularly appropriate choice of the committee to give the principal feature. For Mr. McGahey is all that his name would suggest, a typical Son of the Old Sod, with the true Irish humor, kindness and charm. His lilted songs which he had learned as a boy at a boy at his mother's knee, were musical and full of charm and the running fire of stories which varied the songs were highly entertaining.

Varying the program were cleverly given readings by Mrs. Cal Prior whose first number was an amusing Irish monologue, "Mrs. Maloney's Visit to the Dentist." This was followed by "A Fair Maiden" which was equally enjoyable to the guests. Musical numbers were given by the "Two-in-One" male quartette composed of Cal Prior, John Paul Lee, Richard Matthews and Ray Canterbury. Their songs were largely in Irish themes and included such favorites as "Mother Machree" and "My Wild Irish Rose" as well as the classic "I Wish I Was a Rock" and one exceedingly clever song composed by Mr. Prior.

Such time as was not filled with programmed numbers had radio music to add to the liveliness. Then too the supper hour was a gay one. An Irish tablecloth with harps, shamrocks and banners was used on the dining-table which was further adorned with calla lilies and centered with an immense cake, docketed with green candles (sixteen of them) and bearing greetings from the class to Mrs. Betts.

Shamrock-adorned trays were used for serving the refreshments of ice cream, birthday cake, green tea and candies in the form of wriggling green snakes. As an added birthday remembrance, the honored hostess was given a sheaf of gorgeous red roses by the class members, each rose accompanied by a loving wish for future happy birthdays.

## Aid Society

The Ladies Aid society of the First Presbyterian church was especially proud of its first vice president when it learned that the piano solo with which she opened the meeting yesterday was her own composition.

Mrs. Mary Gasslin led the devotional service using the topic, "Blessings," reading part of the 28th chapter of Deuteronomy showing by her comments that the receiving of blessings depend upon obedience.

The program was arranged by Mrs. Estelle Ludwig who was unable to be present, and consisted of a vocal solo, "If I Cannot Always Trace the Way," by Mrs. Harry Layes, accompanied by Miss Carrie Seaton and a reading, "The Legend of the Twilight Bell," by Mrs. Porter. She was also accompanied by Miss Seaton.

This being the last meeting before the annual church meeting the secretary's reports were read by the secretary and treasurer showing the society in a flourishing condition, with a constantly increasing membership. The members are very proud of a new stove now being installed and anticipate a great deal of pleasure in preparing the dinners which they so frequently serve.

Election of officers for the ensuing year was held resulting in the election of Mrs. Clyde Bach, president; Mrs. Harold Pollock, first vice president; Mrs. F. E. Dearth, second vice president; Miss Edith Ward, secretary; Mrs. Cynthia Davis, treasurer; Mrs. Ray Johnson, Mrs. C. H. Baird, Mrs. Charles Winans and Mrs. W. E. Roberts, members of the executive board. It was with a great deal of regret that the society accepted Mrs. Baird's refusal to again become its secretary.

Don't forget MOVIE SHOW at TEMPLE THEATER, featuring Penrod and Sam, Friday, March 20, Matinee 3:00, evening 7:00 and 9:00. Auspices McKinley P.T. A. Bring the kiddies.

BOBBED HAIR looks wonderful with the tiny tint of Golden Glint Shampoo.

Ask your grocer for a loaf of Queen bread baked at the Home Bakery.

**Kills Catarrh Germ In Three Minutes**

Chronic catarrh, no matter how bad, and cases of bronchial asthma now yield instantly to the amazing discovery of a French scientist. This drugless method called Laxer kills the germ in three minutes, yet is positively harmless to the most delicate tissues. Your head and lungs are cleared like magic. Sufferers are relieved in a single night. To prove it and to introduce Laxer to a million sufferers in one month, I offer to send a treatment free and postpaid, to any one who will write for it. No obligation. No cost. If it cures you, you can repay the favor by telling your friends; if not, the loss is mine. No matter what you have tried, just send me your name and address for this generous free treatment and prove that you can be rid of catarrh.

W. R. SMITH, 969 Laver Bldg., Kansas City, Mo.

## Pleasant Reunion of Old Friends Honors Visiting Sister

Rejoicing in a visit from a sister whom she had not seen for thirty-one years, Mrs. Laura James of 510 East Sixth street, yesterday planned a reunion of friends of her youth, to honor that sister, Mrs. W. H. Smith of Marshfield, Ore., who is a house-guest in the James home.

Many of the group had not seen Mrs. Smith for over forty years, when all were closely associated at Westminister. Hence the gathering was a particularly happy one and many were the merry events of girlhood recalled and laughed over with maybe an occasional tear to dew the memories.

Mrs. James asked her friends to share the pleasure of the famous "Home James" cottage at Laguna Beach where she was assisted in entertaining the group by her daughter, Mrs. J. Frank Wharton and Mrs. W. S. McVay. The cottage was charming with quantities of spring flowers arranged artistically and at mid-day the guests were seated at a table brilliant with blossoms, for the enjoyment of a delectable picnic dinner.

A pleasant feature of the afternoon was the chorus singing of all the dear old songs the accompaniment from a quaint old organ seeming especially appropriate. Radio music was eloquent of the change which forty years have brought. A visit to the art gallery was of much interest to all the members and the taking of kodak pictures added a distinctive touch and will provide pleasant mementoes of the day.

Enjoying the opportunity to greet Mrs. Smith and share in the hospitality of "Home James" with Mrs. James were Mesdames Pearl Larter, Birdie Patterson, Stella Byram, Westminister, Olive Griffith, Covina; Clara Jones, El Moreno; Lulu Lyman, Nuevo; Grace Baker, Hollywood; Tottie Solomon, Hermosa Beach; Bessie Stephens, London, Eng.; Ora Warring Jennie Johnson, Laguna Beach; Lizzie Kyles, Ontario; Maria Harris, Belle Rogers, Mary Alford, Mary Johnson and the assistant hostesses, Mrs. Wharton and Mrs. McVay, Santa Ana.

## Young People Hold Club Meeting

At the monthly meeting of the Bar Nothing club held Monday evening at the home of one of the members, a pleasant entertainment was staged in compliment to two members soon to depart from the city. The Bar Nothings, be it said, are many of the alumni of Santa Ana High school who form a most popular little club.

Monday night's program opened with chorus singing of an original song after which the members found their places at an attractively appointed table by means of appropriate little favors attached to the spoons. The delectable chicken dinner served, was in accordance with the color scheme of yellow with which the final course of orange ice blended beautifully. Business matters of the club occupied the after-dinner interval with lively conversation to add to the pleasure.

Enjoying the pleasant party were the Mesdames Emily Bates, Lucille Corbett, Evelyn Ruell, Ethel Small, Dorothy Rittner, Messrs. Lawrence Merrick, Lloyd Whitney, Boyd Laren, Curtis Bates and Dwight Satterman.

## Getting Up Nights

Can Be Stopped often in 24 hours. To prove that you can be rid of this distressing condition, have more pen, be free from burning sensation, pain in groins, backache and weakness, I'll send you Walker's Prostate Specific free and postpaid under plain wrapper. No obligation. No cost. If it cures your prostate gland trouble, you can repay the favor by telling your friends—if not, the loss is mine. Simply send me your name and prove that you can feel 10 years younger and be rid of prostate trouble.

I. B. WALKER, 2141 Gateway Station, Kansas City, Mo.—Adv.

## S. A. Woman's Club

March 17 was made an especially pleasant St. Patrick's day for members of the Santa Ana Woman's club who were entertained at the home of Mrs. E. G. Warner and Wilkes street by a musical program planned by Mrs. Warner, Mrs. Henry Diers and Mrs. Katherine Clark.

Purple and white iris and much greenery formed attractive floral decorations for the event which called out a large attendance of the club members. Mrs. Covisa Leslie, the president, conducted the opening exercises of ode and collected in her usual pleasant fashion after which business was postponed until late afternoon and a delightful program presented.

This was opened with a most interesting paper on "Irish Music" prepared by Mrs. Warner who told of some of the sweet singers of the Emerald Isle, speaking especially of Thomas Moore and his lyrics. Harpists of Wales, deemed so fine, were secondary to those of Ireland, declared Mrs. Warner in speaking of what a part the harp played in the history of the music-loving nation.

Mesdames Lulu Johnson, C. N. Grace and E. G. Warner then sang one of Balfe's charming songs, "Let Erin Remember the Days of Old" to the piano accompaniment of Miss Leonard Tompkins. Mrs. Johnson gave two pleasing songs, "Sweet Eileen Ashmore" and "Irish Eyes are Smiling" her sweet voice meeting with warm applause from the club members.

Miss Mary Lake, a violin pupil of Elwood Bear, played Morrison's "Meditation" in a very finished manner and with a pleasing touch. The program reached its climax with the song group by Ellis Rhodes, director of the Orange County Choral union whose "Shooey-Sho" was delightful and was followed by one equally entertaining. "The Old Plaid Shawl." Miss Ruth Armstrong played the accompaniments for Mr. Baker, Hollywood; Tottie Solomon, Hermosa Beach; Bessie Stephens, London, Eng.; Ora Warring Jennie Johnson, Laguna Beach; Lizzie Kyles, Ontario; Maria Harris, Belle Rogers, Mary Alford, Mary Johnson and the assistant hostesses, Mrs. Wharton and Mrs. McVay, Santa Ana.

Mrs. Diers followed the song with an extremely interesting paper on the general theme of "Music" in which she outlined the history and development of the art and pointed out what a factor it has been in the course of human race. In the course of her paper, Mrs. Diers gave interesting glimpses of various noted composers including Mendelssohn, Bach, Wagner and Chopin and told details of their lives and contributions to the culture and beauty of the world.

Mrs. Clark's contribution to the entertaining features of the afternoon came in the form of a fascinating contest in which musical terms played a leading part, and which held the attention of the members until roll call. The latter thing, including bits of musical knowledge, clever Irish stories and other varied matters were well received by the club members.

Mrs. Augusta Bangs was welcomed to club membership with a greeting. During the business session Mrs. C. F. Crose, county chairman of institutional relations, told of the new building for women at San Quentin and also the restoration of Sonoma Farm. It was announced that Mrs. Margaret Fricke, state chairman of the department would be one of the speakers at the district convention scheduled for April 24 in Fullerton and would tell more details of both projects.

A letter from the state president, Mrs. Urquhart, was read and a favorable action taken in its request to write letters to assemblymen and the senate, voicing disapproval of the Rosecrance bill. The session closed with discussion of the final details for the Re-procity luncheon to be held at the G. J. Mosbaugh home, 636 North Broadway, Tuesday, March 31 at 12:30 o'clock. Presiders of every woman's club in the district have been extended an invitation to be present and acceptance have been so general that a most interesting guest list is anticipated.

## Dancing Party Given In Celebration of Silver Wedding

While there are many wedding anniversaries celebrated in Santa Ana and the twenty-fifth or silver wedding is frequently recognized by hospitable folk as an opportunity of gathering together a group of close friends, it is seldom that a Santa Ana wedding of twenty-five years ago is celebrated, as was the case Saturday night when Mr. and Mrs. Walter Lamb of 314 South Sycamore street, gathered together nearly a hundred of the friends of their youth on the silver anniversary of their wedding.

Mrs. Lamb was Miss Gertrude Du Bois, daughter of Mr. and Mrs. Valentine DuBois and the wedding took place at their home on North Broadway, March 14, 1900. The pretty bride of that day was gown in heavy white silk, but for her anniversary affair, chose a rich brown velvet fashioned along simple lines.

The K. of P. hall at Tustin was chosen as the scene of the event and dancing was to be the chief diversion of the evening. The spacious hall was decked with greenery and symbols of St. Patrick's day and Chapman's orchestra was secured for the program of lively dance numbers which offered so merry an evening.

In the receiving line with Mr. and Mrs. Lamb were their son-in-law and daughter, Mr. and Mrs. J. Squires of Tustin while Mr. and Mrs. DuBois and Dr. F. C. DuBois aided in dispensing hospitality. A buffet supper of sandwiches, coffee, ices and cake was served during the evening. Mr. and Mrs. Lamb were presented with many handsome gifts, all in silver in recognition of the special nature of the anniversary.

Among the guests were many who were at the bridal ceremony most of them being members of the family. The principal ones were the best man and honor maid of that day, G. H. Harper and Miss Laura Lamb who soon followed the example of their friends and have been Mr. and Mrs. G. H. Harper for a number of years. Mr. and Mrs. Valentine Du Bois, parents of the bride and hosts at the wedding, were also present at the celebration as were Dr. DuBois, Mrs. Elizabeth Lamb, Mr. and Mrs. E. J. Livingood, Mrs. Arthur Lamb, H. J. Lamb and Earl Lamb of that earlier guest list.

## Ebell Club

Mrs. Earl Morrow, hostess for next Monday's tea at the Ebell club, today announced that she was planning a most entertaining musical program for general entertainment while the same group plan of cards in the banquet room and needlework in the lounge would be followed after the program, with tea to conclude the afternoon.

## BEAUTIFY IT WITH "DIAMOND DYES"

Perfect home dyeing and tinting is guaranteed with Diamond Dyes. Just dip in cold water to tint soft, delicate shades, or boil to dye rich, permanent colors. Each 15-cent package contains directions so simple any woman can dye or tint lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, draperies, coverings, hangings, everything new. Buy "Diamond Dyes"—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton, or mixed goods.—Adv.

"Dress Well and Succeed"

Don't slow up because you've grown up! Get into a Kuppenheimer Suit

The best way to fall into a rut is in an old suit—and the quickest way to get out is to get into a new one.

At this time of year a Kuppenheimer Spring suit will give you more pep than all the up-lift magazines on the news stands and stand you in better stead than all the tonics in the drug store.

You are a young man yet if you only knew it!

Kuppenheimer Suits \$40 to \$60

## Judge Thomas Class

Members of the Judge Thomas Bible class of the First Presbyterian church were again reminded today of the important afternoon of class sewing to be spent at the church tomorrow beginning at 2 o'clock. The men will assemble later for dinner at 6 o'clock with each woman member to take sandwiches and her favorite dish for the menu. A full attendance is desired as election of officers will follow the dinner.

## A Good Thing—DON'T MISS IT.

Send your name and address plainly written together with 5 cents (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing Chamberlain's Cough Remedy for coughs, colds, croup, bronchial "whoop" and whooping coughs, and tickling throat; Chamberlain's Stomach and Liver Tablets for stomach troubles, indigestion, gassy pains that crowd the heart, biliousness and constipation; Chamberlain's Salve, needed in every family for burns, scalds, wounds, piles, and skin affections; these valued family medicines for only 5 cents. Don't miss it.

These dependable remedies are free from opiates and have helped millions of people. Try them! Sold everywhere.—adv.

Drivers of automobiles on Santa Ana streets must observe city ordinances, or face a heavy fine in police court. Official announcement to this effect have not been made, but from the number of fines meted out to violators who appeared before City Recorder J. P. Talbot, yesterday, he indicated his intention of stopping some of the reckless driving, known by police to be heavy here.

Eight persons were fined \$15 each on speeding charges yesterday. Other violations of city ordinances also resulted in strict penalties, 19 levies being imposed. Persons parking their cars in two stalls, as outlined on the streets, instead of the new judge, also, the record of court yesterday shows. Two were fined for this offense. Another driver was fined for using defective rubber tires on a truck.

Following is the record of fines levied yesterday in police court: Speeding, E. O. Oakley, 411 East Fourth street, \$15; Gomer Thomas, 403 South Main street, \$15; L. L. Thompson, 127 North Main street, \$15; P. B. Ray, Long Beach, \$15; H. C. Mangan, Los Angeles, \$15; Laverne McKinney, Orange, \$15; Mark M. Christenson, Santa Ana, \$15; Elvin Mitchell, 1313 East First street, \$15; R. A. Beezely, 413 1/2 West Fourth street, \$15.

Backing around corner: Richard Corioles, \$5. Parking overtime: T. S. McCormack, 634 North Shelton street, \$3; Mrs. A. P. Walker, Santa Ana, \$3; T. D. Glendinning, Los Angeles, \$2; Mrs. Ella Edwards, Elsinore, \$2; G. E. Leatherwood, 515 West Sixth street, \$3. Parking in two stalls: C. P. Rowell, Orange, \$3; R. Baumsten, 619 West Sixth street, \$3. Parking from 2 a. m. to 5 a. m.: C. Dennis, 1402 Maple street, \$2.

**RICE AND MICE.** PARIS, March 19.—Rice used as decorations on new dresses almost wrecked a Paris dressmaking establishment. The rice made a big hit, but when the dresses were delivered it was found mice had eaten of most of the decorations. The large number of mice also caused several of the seamstresses and models to refuse to work in the place for several days.

**GRANDMA ATHLETE.** EL DORADO, Kas., March 19.—A grandmother, Mrs. Lola Harsh, and her granddaughter, Miss Betty Harsh, have enrolled in the same Y. W. C. A. gymnasium class here.

## You And Your Friends Please Phone or Mail Items

Mrs. Cora Wheland has arrived in Santa Ana from Williamsport, Pa., to make an indefinite visit. She is located at the Curtis home, 222 South Main street, and will also visit her nephews, T. H. Smith, 801 South Sycamore street, and H. W. Smith, 417 South McCloy street.

Mr. and Mrs. A. G. Flagg, their daughter, Miss Jimmie Flagg, and friend, Miss Louise Campbell left today for a leisurely motor trip to Phoenix, Ariz., to be gone a week. The party will visit Miss Campbell's aunt, Mrs. Ben F. Hildreth, and Mr. and Mrs. Frank Sawyer, well known former residents of Santa Ana.

A. M. Heard, president of the Amoskeag National bank of Manchester, N. H., who with Mrs. Heard have been spending a month at the home of Mrs. Heard's brother and sister-in-law, Mr. and Mrs. H. P. Farrar, 2009 North Broadway, are now in Santa Barbara, where Mr. Heard is enjoying golf. They have also made a trip to San Francisco, and will return to Santa Ana next Monday. Mr. and Mrs. Heard and Mr. and Mrs. Farrar are booked to leave next Wednesday over the Santa Fe for Arkansas City, Ark., where they will spend a few weeks visiting friends and relatives in their former home city, and from which place Mr. and Mrs. Heard will continue their journey homeward. They have made a number of trips to California, and are very fond of the Golden state.

Miss Murrell Rash, 1045 West Fifth street, went to South Pasadena on Tuesday, where she entered a sanitarium, hoping to benefit her health.

D. B. Cogshall and family, who have been visiting in Santa Ana, are planning to leave Monday for their home in Ithaca, N. Y. They will stop over en route at Grand Canyon.

Mrs. Lottie Grouard, 1076 West Fourth street, has returned from Maywood, where she made a brief visit with her daughter, Mrs. Joseph McElroy, and family.

Mr. and Mrs. V. S. Rowley, 722 South Main street, have gone to Imperial valley. Mrs. Rowley will return on Sunday next, her husband remaining in the valley on business.

E. F. Tiggers of Tustin left last night for Peterson, Ia.

Lewis Halsey, R. F. D. 3, Santa Ana, plans to leave Tuesday on a trip to St. Paul, Minn.

Mrs. J. H. Baker of Mankato, Minn., is spending a few weeks with Mrs. C. E. Marston of 322 Riverine avenue.

Knives, shears sharpened at Hawley's.

Public stenographer, Moore Bldg.

## HALEY IS NAMED C. OF C. PRESIDENT

O. A. Haley, well known automobile dealer, had assumed the duties of president of the Santa Ana Chamber of Commerce following his formal induction into office today. He was chosen at a conference of the new members of the board, held late yesterday afternoon.

The board awarded the contract for building the new chamber home on the grounds at St. Ann's Inn to Jules W. Markel and Son, on their bid of \$6128.

Ground will be broken in the early part of next week with formal ceremonies, it was announced by A. L. Olinger, secretary. Details of the ground breaking ceremonies will be developed at once.

In the election of officers, W. H. Spurgeon Jr. was selected for first vice president and George Dutton for second vice. W. N. Williams was named as treasurer.

## AROUND THE COURTHOUSE Brief News of Courts and County Officers

**Finish Jail Electrical Work**  
Electrical work at the new county jail has been completed and approved by the county supervisors, who accepted the completed contract of A. E. Prink.

**Grant Contractor Extension**  
An extension of 60 days has been granted by the county supervisors to Contractor B. R. Ford, in which to complete the paving of St. Andrew's place and St. Gertrude's place, at the outskirts of Santa Ana.

**Charge Statutory Offense**  
Frank Mirabello, of Corona, was held to answer on a statutory charge today by Justice K. E. Morrison, and was then released under \$500 bail pending his trial in superior court. A 17-year-old Mexican girl, of Fullerton, testified against him at the hearing today.

**Sells Frozen Fruit**  
Found guilty of selling, receiving for shipment and shipping frozen fruit, H. Cohen, a Los Angeles fruit peddler, was today fined \$50 by Justice K. E. Morrison.

An inspector from County Horticultural Commissioner Brock's office arrested Cohen while the latter was hauling a load of frozen oranges through Santa Ana canyon. It was Cohen's second offense, so he was brought to jail. The commissioner's policy has been, on occasions of first arrest, to give the offender his choice of dumping the fruit or going to jail. In either incident, the arrest is considered a first offense. On a second offense, there is no choice but jail.

In court today, Cohen admitted that he had the money to pay his fine, but argued volubly in an effort to have the fine suspended.

Then he sought to induce the court to remit half the fine. When he saw he must pay the full amount or go to jail, Cohen reluctantly produced the \$50.

Dismissal of a charge of assault with a deadly weapon was announced today in the case of Frank O'Campo, of Santa Ana, who was recently held for trial in the superior court. The district attorney's office moved to dismiss the charge on the ground that sufficient evidence to justify further proceedings was lacking.

**Objects to Fertilizer**  
Fertilizer piled along the rail way tracks of the Santa Fe through the town of Placentia has not won favor from the townspeople, it was inferred today when Secretary Lee, of the Placentia Chamber of Commerce, sought relief from the district attorney's office. Lee asked District Attorney A. P. Nelson to intercede with the railroad company, for removal of the fertilizer.

**Will Not Prosecute**  
A. V. Kauble, La Habra butcher, accused of poisoning dogs, will not be prosecuted by the district attorney's office, according to notice issued today to parties concerned with preliminary proceedings against the butcher.

Justice H. E. Hart, of La Habra, recently held Kauble to answer on the poisoning charge, but the district attorney decided that there were irregularities in the case that should prevent further action. No information will be filed with the superior court.

S. W. Pressnell, of La Habra, whose dog was poisoned, brought the original complaint against the butcher.

If there is a market for your stocks, we will find it. Combs & Rust, 211 Spurgeon Bldg.

Ask your grocer for a loaf of Queen bread baked at the Home Bakery.

## To Make Rich Red Blood

Revitalize your worn-out exhausted nerves and increase your strength and endurance

Take Organic Iron; not metallic iron which people usually take, but pure organic iron—Nuxated Iron—which is like the iron in your blood and like the iron in spinach, lentils and apples. One dose of Nuxated Iron is estimated to be approximately equivalent in organic iron content to eating one-half quart of spinach, one quart of green vegetables or half a dozen of fresh sound of meat. Nuxated Iron is particularly predigested and ready for almost immediate absorption and assimilation by the blood, while metallic iron is iron just as it comes from the action of strong acids on small pieces of iron filings.

Millions of people annually are using Nuxated Iron. It will not injure the teeth nor disturb the stomach. A few doses will often commence to enrich your blood. Your money will be refunded by the manufacturers if you do not obtain satisfactory results.

Beware of substitutes. Always insist on having genuine organic iron—Nuxated Iron. Look for the letters N. I. on every tablet. Sold by all druggists.

## CLAIMS NATIVE ARTISTS NEED NOT GO ABROAD

"Art for art's sake" is a trite saying that doesn't mean anything to Gardner Symons, internationally known artist, gold medalist and one of the country's leading landscape painters. He believes that the threadbare phrase should be revamped to read: "Art for Life's Sake," thus fitting in with modern conditions. To him the function of art almost reaches the sacred level of religion, a God-given agency for human progress.

His opinion was voiced at St. Ann's Inn where he is registered with Mrs. Symons, and a niece, Miss Irene Trevonor. He came from New York, where he maintains a studio, to visit a brother, Robert M. Symons, well known capitalist and property owner in this city.

Expressing his delight to be in Santa Ana the distinguished visitor told of his early experiences in these parts of the country. He is erecting in 1926 the first studio in what has become the art colony of Laguna Beach.

Is Thoroughly American  
Though he belongs to the great brotherhood of artists, who recognize no distinction of flag, race or tongue, in their common search for beauty, he is, nevertheless, a thorough American and subscribes to the cardinal principle of self-determination in art as well as in politics and other endeavors.

He thinks that American painters should develop from within and create a new school, something distinctly American and reflecting the virile spirit of America.

Speaking about landscape painting, he said that there is no longer any real need for American art students to go to Europe for the purpose of completing their education. As a matter of fact, he added, the art schools of Europe have nothing to offer the American student which he could not obtain in his own country.

Supplementing his observations on this point, he remarked that, with institutions like the Chicago Art Institute, the Academy of Design, in New York, and other art institutions, the museums and the well equipped art departments of universities and secondary schools, every needed facility is provided the American art student to complete his education.

Says Travel Broadens  
He pointed out, however, that travel in foreign countries to see what other people have accomplished in the way of art has a broadening effect, but such travel should be undertaken after the student has completed his studies in this country.

It is difficult to get artists to talk about their own work, and, when the subject was approached, Symons turned the conversation to the beauties of Southern California, dwelling at some length on the coast line extending from San Francisco to San Diego which, he asserted, is the most beautiful in the world.

Notable works by Symons are to be found in the Metropolitan Museum, New York; the Corcoran Art gallery, Washington, D. C.; the Brooklyn Institute of Arts and Sciences; the Cincinnati museum, Cincinnati, O.; the Exposition Park Art gallery, Los Angeles, and in several foreign art collections.

Symons expects to remain here for about a week, visiting friends at Laguna Beach and La Jolla. On his way back to New York he will stop at Del Monte, visiting friends at Carmel-by-the-Sea. He is a member of the executive committee of the National academy, having charge of arrangements for the great century festival of the academy to be held this year in Washington, D. C., and to which the leading men in the world of science, art and letters have been invited.

**Night Coughing  
Stopped Quickly By  
Simple Treatment**

Thousands who are troubled with persistent coughing at night, which by robbing them of valuable sleep weakens their systems and lays them open to dangerous infections, can quickly act to prevent this danger through a very simple treatment. People who have hardly been able to rest at all on account of coughing spells have found they can sleep the whole night through undisturbed after the first time they try it.

The treatment is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take a teaspoonful at night before retiring and hold it in your throat for 15 or 20 seconds before swallowing it. Without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. The result is you usually sleep soundly the very first night, and the entire cough condition goes in a very short time.

The prescription is highly recommended for coughs, chest colds, hoarseness, and bronchitis, and is wonderful for children's coughs and spasmodic asthma—no harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for

## Rancher Nabbed On Check Charge By H. B. Marshal

Accused of passing worthless checks on four Huntington Beach merchants and securing approximately \$60 thereby, Nome Moore, who gave his occupation as rancher, and his age as 49, today was in the city jail at Huntington Beach, following his arrest yesterday at a point described by City Marshal Jack Tinsley of Huntington Beach.

Moore was to appear before Justice of the Peace C. W. Warner this afternoon for arraignment on the charge. William Adair, grocer, Dr. L. A. Olmstead, optometrist, W. D. Young, automobile dealer, B. T. Mollica, shoe merchant, claim to have been victimized by Moore.

Tinsley said Moore had served a term in an Oklahoma prison as well as a four-year term in San Quentin, the latter sentence being the result of a bad check charge. Police in Santa Barbara and Glendale are also eager to prosecute Moore on bad check charges, the city marshal added.

## FIGHT STARTS ON ACT TO BAN STATE HANGING

SACRAMENTO, March 19.—The fight to abolish hanging in California was carried to the floor of the senate today when Senator Roy Fellom's anti-capital punishment bill was reported back to the upper house without the recommendation of the senate committee on judiciary.

Senator T. C. West of Alameda in speaking for the measure, told the committee that, although he voted against a similar proposal two years ago, he had since experienced a change of sentiment. "Since the last legislative session, I believe an innocent man has been hanged," the senator declared. He refused to state the name of the "innocent man" but announced this to be the reason for his change in attitude.

The assembly was scheduled to today consider the Jones-Murray-Finney resolution calling for ratification, with certain reservations, of the Colorado River pact. Despite the opposition which is certain to meet the measure in the lower house, authors of the resolution predict its passage, saying the real fight on it will develop in the senate.

The senate committee on constitutional amendments is scheduled to consider the two bond issue proposals for financing the state highway program.

Tonight a joint meeting of the senate and assembly committees on revenue and taxation will begin public hearings on the Breed bill proposing a one-cent increase in the gasoline tax.

Numerous lobbyists both for and against the measure were reconvening about the capitol in preparation for the hearing. Little doubt was expressed by either faction but that the bill will be reported out of committee and back to the house, where a hard battle is certain.

Other matters of importance scheduled for consideration today include: 1—Senate educational committee to begin investigation of the teachers' retirement salary fund. 2—Assembly committee on medical and dental laws will act on the Smith anti-herb bill.

## City Employee Is Hurt In Mishap

O. A. Sanders, an employee of the city water department, sustained a badly lacerated knee last night, when the car in which he was riding with his wife and brother overturned on the state highway, near the Orange county hospital.

Members of the party were returning to their homes here from San Gabriel, where with scores of other Santa Ana people, they witnessed the Mission Play.

Heavy fog was said to have been the cause for the accident, causing the driver to run off the road into a ditch.

## Police News

Barney Glinard, El Toro, reported to the sheriff's office yesterday that a set of new license plates, a back saw and bits and two sets of chains were stolen from his garage.

Officer W. C. Antoine is confined to his bed, at his home at 109 South Cypress street.

R. T. Simpson, 316 West Second street, was arrested yesterday by Motorcycle Officer Harold Jaynes, charged with operating an automobile without a muffler.

C. L. Young, 906 South Main street, reported to police yesterday that a robe was stolen from his car while it was parked near the Grand Central market.

Carl C. Hanson, 30, Los Angeles painter, was arrested yesterday and lodged in the Orange county jail on a charge of issuing a fictitious check. He is alleged to have passed a check for \$50 here on a Los Angeles bank, when there was no money to meet the demand. R. W. Lantz is the complaining witness.

Alfred Austin, arrested here last month, on a charge of petit larceny, was released from the Orange county jail today, on parole. He was convicted in Justice Morrison's court on February 24, on a charge of stealing a child's coat at the Spicer store. Austin had served half of a 60-day sentence imposed by Justice Morrison.

Chief Criminal Deputy Ed McClellan, of the sheriff's forces, returned to his work at the sheriff's office today after three weeks' illness. He returned to Santa Ana yesterday from Palm Springs, where he spent several days, recuperating from an attack of influenza.

If there is a market for your stocks, we will find it. Combs & Rust, 211 Spurgeon Bldg.

## SAYS CITRUS GROWERS OF COUNTY RANK WITH LEADERS

Will Gregg Returns Home From Trip to Australia and New Zealand

## LITTLE CARE TAKEN OF GROVES THERE

Anaheim Rancher Declares Growers Here Need Not Fear Competition

California citrus men have nothing to fear from the growers of Australia, according to word brought to Orange county by Will Gregg, Anaheim rancher who, with Mrs. Gregg, has just returned from four months' trip through Australia and New Zealand. Gregg says that he is convinced Orange county growers rank with the best in the world.

A number of citrus groves were visited by Gregg, who found that citrus growing in Australia is more or less of a back lot proposition. The Anaheim grower says that very few lemons and grapefruits are grown in Australia, oranges being the principal citrus product.

"Very little care is taken of the fruit and if the growers continue their present method, they will never become our competitors," said Gregg today.

"They are very lax and do not seem to realize that citrus fruits must have proper care."

According to information given Gregg, the Australians have been growing oranges for about four years.

No attempt is made to grow walnuts in Australia or New Zealand, Gregg said. Wheat, barley and maize are grown in abundance.

The climate in Australia and New Zealand is similar to that of Southern California, the rancher asserted.

## Kilson Moves to Broadway Home

G. E. Kilson, former owner of the 20-acre tract comprising Kilson square today had removed from the tract to 826 South Broadway occupying a residence erected a year ago.

Tires put on baby buggies, scooters, tricycles. Fix-it Shop, 105 E. Third, Phone 2520.

## Plastite

A new cement, plastic, waterproof, strong and durable.

Heretofore plasticity has been given concrete by the addition of clay or lime to the cement. Such admixtures have weakened the concrete and added to its water absorption.

Oils, fats or soaps have been added to make it waterproof, resulting in weakened concrete, frequently in disintegration.

Plastite is both waterproof and plastic, made so by a new process, absolutely without loss of strength.

It is especially recommended for—Floors and Sidewalks, Cellars, Basements and Vaults, Tanks and Reservoirs, Stucco and Exterior Plaster, Mortar for Marble, Etc., Concrete Pipe and Tile.

## S. D. Realtors Plan Treat For Visitors

One of the treats of the directors of the California Real Estate association and their friends at the quarterly meeting in San Diego, April 4, will be a Spanish dinner. It will be served by the San Diego Realty Board, at Ramona's marriage place in Old Town. Thomas P. Getz, the veterans lecturer and historian, will deliver a lecture to the realtors on the early days. The wife of every director and board president is especially invited.

President D. Richard Ainsley has already received assurances from more than 50 directors that they plan to attend the meeting, which will begin at 9 a. m. Sunday morning, the directors and their wives will be guests of the San Diego realtors on a trip about the harbor, including visit to Point Loma. In the afternoon, Mexico and the races will be included in the itinerary arranged by the host board.

## BEGIN WORK ON 10-ACRE TRACT AT EL MODENA

Preparations have started for building activity on the Loma Solana (Sunny Hill) subdivision at El Modena. It was announced here today by W. T. Chapman, of El Modena, sales manager for the tract.

The subdivision consists of 10 acres, divided into approximately half-acre lots, located on the beautiful hillside east of El Modena, and the sales manager predicted that within a short time, it would become one of the show places of Orange county.

The owners of the tract are Fred H. Allen, sales manager for the California Cable company at Orange, and A. B. Adair, for the last 15 years head of the printing department of the Chicago News. Adair maintains residences in Chicago and at Orange, being at the latter place at the present time.

Allen is now grading and terracing, preparatory to the building of a fine suburban home, George Barclay having charge of this work. Adair is having plans drawn for a beautiful modern home and will start building as soon as the plans are completed. These are being prepared by Joseph Hancock, architect of El Modena, who has designed and built a number of

(Continued on Page 11.)

## IMPORTANCE OF AVIATION IS STRESSED

Oliger Believes Chamber of Commerce Should Aid Commercial Flyers

By A. L. OLIGER  
Secretary Chamber of Commerce  
In planning the future of Santa Ana, it might be well to consider the trend of present-day transportation and prepare now for the time that airplanes and all kinds of aircraft will be a factor in our transportation problems.

This thought was stressed quite forcefully at the aviation banquet last Saturday evening in Glendale, when approximately 125 business men and aviators sat down together and earnestly discussed the question of arranging for modern airports in the cities and towns of Southern California.

The banquet closed the first day of a two-day air rodeo which was held for the purpose of mapping Southern California for aerial highways; to bring about increased manufacturing of airplanes and allied industries; to promote practical and safe flying; to make Southern California the first large area of America mapped for commercial aerial transportation, and to select a temporary committee to consider formation of an all-Southern California Aeronautical association to be allied with the National and International Aeronautical associations.

Since the glider has been discovered, rapid strides have been made in the economic features of aviation, and it was announced by Commodore Lovington that a combination of airplane and glider is now being used in England that will develop a speed of 85 miles an hour and travel 87 miles on a gallon of gasoline.

It would be well, in my opinion, for our local chamber to appoint a special aviation committee to take care of matters within our organization, for it is a conceded fact that every community in the Southland will be called on from time to time to furnish proper landing fields for the commercial lines that will soon be established from San Francisco to San Diego, and as Santa Ana is favorably located for aviation, we should lend encouragement to the aviators now located here and cooperate in every way to make Santa Ana an airport center.

Santa Ana does not have a municipal field at the present time, but it does have a field that is on the aerial highway map, so we are getting some publicity from this source and the local aviators are entitled to civic assistance.

Airplane factories are now constructing small planes and, with the mechanical devices now being worked out, it will not be long until a person will be able to feel perfectly safe in being transported by air to the many points in Southern California.

## Governor Is Invited To Home Session

The California Real Estate association has invited Governor Friend W. Richardson to speak at the "own your home" conference to be held at the Hotel Maryland, Pasadena, March 21, it was announced here today by Carl Mock, a director of the organization.

The Pasadena conference will begin at 9 o'clock and a two-minute speech contest will be a feature. Representatives of the southern boards, 50 in number, will compete for an "own your home" trophy offered by the state chairman, Clifton Platt. Talks on the value of owning a home are expected.

Following the dinner, the conference will adjourn at 8 o'clock and go in a body to attend the Mission play at San Gabriel.

"The churches, schools, service clubs, theaters, chambers of commerce and the women's clubs will be invited to cooperate with the California Real Estate association in putting over a statewide campaign that it is estimated will increase the number of home owners by many thousands," said Mock.

## CONTRACT FOR ODD FELLOWS' BUILDING LET

ORANGE, March 19.—With the awarding of the general contract to J. S. Metzgar & Son of Alhambra, construction will start shortly on the Odd Fellows' hall at Orange. The structure will cost approximately \$100,000, it is estimated.

The Metzgar bid, which does not include the various subcontracts, such as plumbing, wiring, sheet metal, roofing, tile heating, was for \$68,489.

The I. O. O. F. structure will be three stories in height and of reinforced concrete construction. The first floor will be used for store purposes, with the two remaining floors given over to lodge quarters. The second floor will include a combination banquet hall and ballroom, with kitchen, parlor and ante-rooms adjoining. On the upper floor will be located club rooms, including billiard, lounging and card rooms.

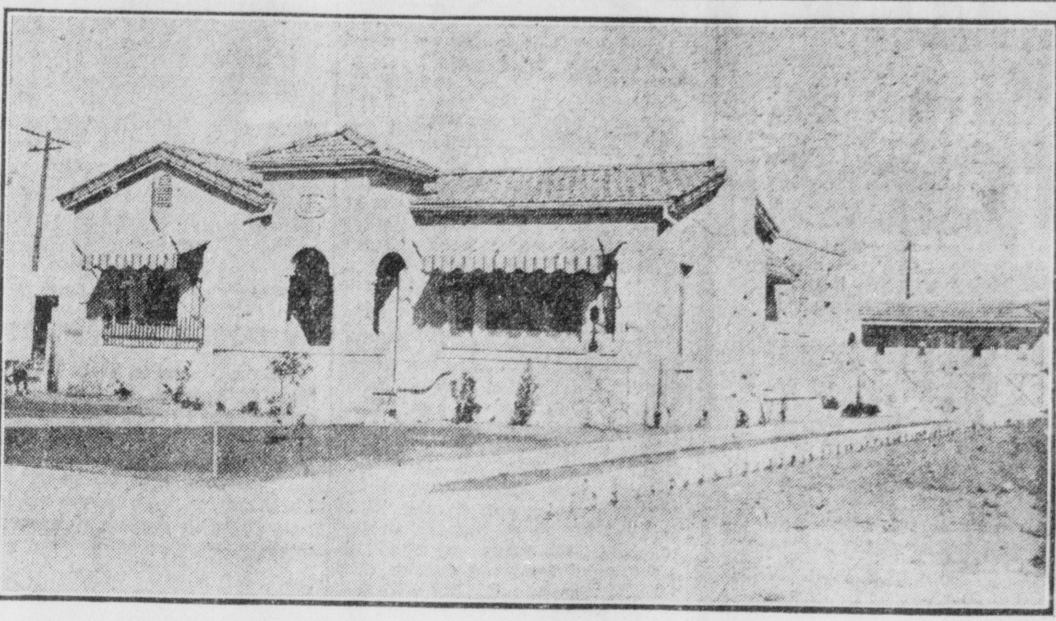

The site is at Chapman and Orange avenue.

## NEW RESIDENCE IN MT. VIEW GARDENS TRACT

Above is the attractive dwelling which Louis Braasch, well known builder, has just completed. It is located at 111 Yorba street, Tustin.

## RANCH PROPERTIES NOT DECREASING IN VALUE, S. A. REALTY MAN CLAIMS

Values on good ranch properties in Santa Ana are not dropping and there is good demand for such properties, it was stated today by C. M. McClain, well known local real estate broker.

In support of this statement, the dealer referred to three big sales made here recently, the last of which was concluded yesterday. He points out that the purchasers are local residents and that they evidenced faith in properties here by investing their own money.

McClain was the agent in the sale by Fred J. Hart of 10 acres of walnut on Laguna road, Tustin, to William Padias for \$30,000. The new owner has taken possession.

Twenty acres of 5-year-old orange trees on the Maybury tract, West Seventeenth street, have been sold for \$50,000 to Clyde Plavan by Frank Was of the First National bank. Plavan is returning here from Los Angeles, to which city he removed eight months ago.

Lee Brooks has sold 47 acres on Bristol street to Callen brothers for \$95,000. Forty acres of the property are planted to 3-year-old oranges. There is a fine residence on the land.

"The feature of these sales is the fact that all purchasers are local men, who have been engaged in farming and who know land values here," McClain said today. "Cash and security and not exchanges were given in each instance, indicating that there is still plenty of money floating around."

## Lutheran Church Purchases Large Lot on Garnsey

Purchase of the 104 by 125 foot lot at the northeast corner of Sixth and Garnsey streets by St. Peter Lutheran church was announced today by the Rev. G. F. Pauschert, pastor.

The church is at present located at Sixth and Van Ness streets. The building will shortly be moved to the new site and remodeled. The church plans to sell the old lot.

The new Sixth and Garnsey property was bought from Robert Crockett, who has removed to his ranch. Arrangements for the remodeling of the church have not been completed.

## FINISH WORK ON HANDSOME TUSTIN HOUSE

What is considered one of the most complete and attractive homes in Orange county has just been finished at 111 Yorba street, Tustin, by Louis Braasch, well known builder.

The building has seven rooms and is of Spanish architecture. It has a tile roof and occupies ground space of 36x50 feet on a lot 50x125 feet.

The interior walls are hand decorated, the work being done by a noted Southland artist. The dining room is finished in southern mahogany, the two bed rooms in Oregon pine, kitchen in enamel and the breakfast room in Oregon pine.

A new type of wall paper, known as "leather paper" has been placed on the walls of the living and dining rooms. Walls of all the rooms are washable.

A rustic fireplace, constructed by a manufacturer who had achieved considerable fame through his work, has been installed in the living room.

The indirect lighting system is used throughout the house. The house is heated by a new type of gas furnace. This furnace works automatically, keeping the rooms heated at any temperature desired.

A double garage is located at the rear of the lot. A number of patented features just placed on the market have been installed in the garage. These include a door lock and door brazer.

The house is located in the Mountain View Gardens tract, which Braasch opened 18 months ago. Since that time 13 houses, including the one at 111 Yorba street, have been constructed.

## NEW INDUSTRY TO BEGIN WORK SOON

Production will soon be under way in connection with Santa Ana's newest industry, the Molesworth Refrigeration service, according to announcement today by C. E. Molesworth, inventor, and M. D. James, sales manager. Refrigeration units will be manufactured at the plant at 1425 West Fifth street and a continuous service rendered to each unit installed.

The principle behind Molesworth's invention, which is fully protected by patents, is the refrigerating quality of ammonia. Contrary to methods used in large refrigerating plants, Molesworth's units do not require pressure of any sort, and therefore are not operated under power.

Molesworth, who is a graduate physician, early became interested in refrigeration and has been a refrigeration engineer for 22 years. James has for a number of years operated an ice plant and business at Huntington Beach. Arrangements are being made to place the service at the disposal of Santa Ana residents and merchants within the next few weeks.

—56 is just a number—58 is just a number—but "57" means good things to eat. Heinz at D. L. Anderson Co. Phonit 12—free delivery.

How Fat Actress Became Slender

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling fat. One clever actress tells that she reduced steadily and easily by using this new form of the famous Marmola Prescription. Now, by taking Marmola Prescription Tablets several times a year, she keeps her weight just right. All druggists sell Marmola Prescription Tablets at one dollar for a box or if you prefer you can secure them direct from the Marmola Co., General Motors Bldg., Detroit, Mich. If you have not tried them, do so. They're pleasant to take and effective.—Adv.

## S. A. FACTORY HAS ORDERS ON HAND FOR 80,000 BOXES

Standard American Firm Now Employs 72 Men Working In Three Shifts

USES 1,500,000 CUBIC FEET OF GAS DAILY

Plant Here Is Declared One of Most Complete In United States

Manufacture of window glass was started yesterday by the Standard American Glass company in the big plant south of Santa Ana. Orders for 80,000 boxes, enough to keep the factory operating for eight months, have been secured, it is said.

Seventy-two men, working in three shifts are employed at the plant. The number of men engaged will total 250 when the factory is operating full capacity, which will be in about three weeks. The firm will make window glass exclusively.

The giant furnace at the plant is using a total of 1,500,000 cubic feet of gas each day. Twelve hundred tons of molten glass are in the furnace, which is 30x116 feet in size.

The Standard Complete Plant. The Standard American plant is said to be one of the most modern and complete in the United States. It was installed under direction of William Westbury, noted glass man and inventor of the process being used here, and members of the Dixon family, owners of several glass factories, who have a controlling interest in the Standard American factory.

The Westbury process has been installed in plants in Okmulgee, Okla.; Fort Smith, Ark.; Point Marion, Pa.; Independence, Kas., and Wichita Falls, Tex. Westbury will leave here in three weeks to supervise installation of his process in a new glass factory near Toronto, Canada.

The company expects to ship a carload of glass every day when the plant is in full operation. A car will hold from 900 to 1200 boxes, it is estimated.

Construction of the Standard American plant was started May 15, 1924. The factory is located on an 11-acre tract. Another 14 acres situated across the street is also owned by the company. If orders continue to pour in, an addition will be made to the first unit, it is announced. The land is located in the Central Industrial district, a tract placed on the market by Brown and Moore of Santa Ana.

Have Many Interests. The Dixon family owns the Dixon Glass company, a wholesale firm; Western Showers company, Columbia Glass company, American Door company and a controlling interest in the local factory.

According to Robert Brown, of Brown and Moore, the company will shortly issue passes to persons who desire to inspect the plant.

Expert repairing and refitting. Hoffman, Tailor, 603 No. Main.

## STUDENTS HEAR ADDRESSES ON ROTARY IDEALS

Rotarians of Santa Ana sound-  
ed the note of modern business  
service in talks before the student  
body of the Santa Ana Junior col-  
lege in assembly yesterday.

D. K. Hammond, principal of the  
Santa Ana Junior college and high  
school, related the history of Ro-  
tary since its formation in 1905 as  
the first of the service clubs, to  
the present era when the organiza-  
tion has been established in 28 na-  
tions of the world. He predicted  
that the service clubs will achieve  
international peace.

"The world is facing a great  
crisis with international strife  
threatened," said Hammond. "It  
will be through the ideals of the  
service clubs that the nations will  
avoid misunderstandings and avert  
war."

"Rotary code of ethics" was the  
subject of a talk by William H.  
Spurgeon Jr. He said that Rotary  
International was not formed for  
political or fractional advantage,  
but in order to promote unselfish  
service. The 11 tenets of Rotary  
were read.

Musical selections of Rotary  
numbers were given by the repre-  
sentative delegation of club mem-  
bers. Robert Brown contributed  
vocal solos.

The closing speaker on the pro-  
gram was the Rev. William E. Rob-  
erts of the First Presbyterian  
church. He spoke on the "Why  
and Wherefore of Rotary," declar-  
ing that Rotarians received as  
much good from the service club  
as they put into it. He said this  
is the period of cooperation in  
modern business.

ALICE TRY STAR OF  
YOST PICTURE

A handpicked cast of players  
is represented in "Sackcloth and  
Scarlet," a production coming to  
the Yost theater tonight.

Fitting Alice Terry to the role  
of Joan Freeman was easy. The  
story had been decided upon in  
the first place because the lead-  
ing feminine role seemed to have  
been written especially for her.  
So it came about that the queen-  
ly beauty of the one who gained  
fame in "Scaramouche," "The  
Arab," "The Prisoner of Zenda,"  
"The Great Divide" and other  
productions, become Joan Free-  
man in "Sackcloth and Scarlet."

Orville Caldwell was selected to  
play the part of Stephen Edwards.  
He is a new figure among the  
screen's leading men and a re-  
freshing type. Slightly more than  
six feet tall, he is a clean cut  
out-of-doors man who King be-  
lieves holds great promise.

Obtaining Dorothy Sebastian for  
the part of Polly Freeman was  
the unusual incident in casting  
this picture. King had been un-  
able to find an actress in Holly-  
wood who fit his idea of the  
character. After making screen  
tests of twenty girls without be-  
ing able to arouse much enthu-  
siasm over any one of them, Dor-  
othy Sebastian, an absolute new-  
comer in motion pictures, walked  
into his office and asked for a  
job. Without any real reason,  
for he had no idea she could  
meet the requirements, he made  
a screen test of her.

## Two Long Jail Terms Suspended By Beach Judge

HUNTINGTON BEACH, March  
19.—Two men were given 60 day  
suspended sentences for drunken-  
ness yesterday when they appear-  
ed before City Recorder Harry  
Stewart. Both R. Meserve and E.  
Carroll of Los Angeles pleaded  
guilty to be charged.

Edwin Byer, 35, a scissors grind-  
er of Long Beach, who was arrest-  
ed Tuesday by local officers for  
peeking into windows, was re-  
leased when it was found that he  
was a member of the Salvation  
Army and had been wounded in  
the World war.

Do You Suffer the Pangs of

## Stage and Screen

NEEDS URGING TO GROW A BEARD

BORZAGE, PERCY MARMONT, ALICE JOYCE

Frank Borzage, Metro-Goldwyn-Mayer director of "Daddy's Gone-a-Hunting," and Alice Joyce, featured with Percy Marmont in the pro-  
duction, have a difficult time persuading Mr. Marmont to grow a crop  
of whiskers for a sequence in the picture. It's all for art, they argue.  
Then think of the pleasure it will give him to shave it off!

"Daddy's Gone-a-Hunting" was adapted by Kenneth Clarke from  
Zoe Akins' play of the art life in New York and Paris. Mr. Borzage is  
next going to produce "The Circle" for Metro-Goldwyn-Mayer.

Alice Terry and Dorothy Sebastian in a scene from "Sackcloth and Scarlet," current attraction at the Yost theater.

Syd Chaplin as he appears in  
"Charley's Aunt," picture now  
showing at the West End theater.

Ask your grocer for a loaf of  
Queen bread baked at the Home  
Bakery.

TONIGHT'S ATTRACTIONS.  
WEST END—"Charley's Aunt,"  
with Syd Chaplin.

YOST—Vaudeville and "Sackcloth  
and Scarlet," with Alice Terry.

WALKER—"Daddy's Gone-a-Hunt-  
ing," with Percy Marmont and  
Alice Joyce.

"PENROD AND SAM" AT  
TEMPLE SUNDAY

"Penrod and Sam," Booth Tar-  
kington's famous story of Ameri-  
can boy life, will be produced  
at the Temple theater tonight.

Encouraged by the marvelous  
reception which the public tend-  
ered "Penrod," which was filmed  
by Marshall Neilan, an even more  
lavish American boy story from  
the pen of the famous Tarkin-  
ton was undertaken.

Because of William Beaudine's  
recognition in the art of direct-  
ing children, he was chosen to  
handle the directorial mega-  
phone. Beaudine is also famous  
for his comedy. So universally  
is his ability recognized to handle  
children that he has been re-  
cently employed by many pro-  
ducers to make the "kid" se-  
quences of pictures which were

under the direction of their own  
directors.

The production stars Benny  
Alexander, protégé of D. W. Grif-  
fith in the role of Penrod and  
Joe Butterworth as Sam Williams.  
Continuity was prepared by  
Hope Loring and Louis Leighton,  
in collaboration with Beaudine.

"No expense or pains were  
spared in making this film a  
faithful screen reproduction of  
American boyhood," said Mr. Mc-  
Donald. So faithful in fact every  
many who sees it will forget that  
he has grown up during the show-  
ing of the picture.

ALICE JOYCE FILM NOW  
AT WALKER'S

Another early film satellite who  
is stronger with movie fans now  
than in the first flush of popular  
film success is Alice Joyce. There  
is a certain charming dignity which  
the years have given to Miss Joyce  
which strikes an ever deeper  
chord in the hearts of her "public"  
than formerly. This in spite of an  
absence from the screen for sev-  
eral years, which has so often  
proved fatal to screen popularity.

Miss Joyce, who retired from  
public view several years ago to  
devote her time exclusively to her  
husband and children, has return-  
ed to the movies only recently,  
having just completed "Daddy's  
Gone-a-Hunting," from Metro-Gol-  
wyn, co-starring with Percy Mar-  
mont, and which opened at Walk-  
er's yesterday. It is an intensely  
dramatic story of life in Paris,  
taken from Zoe Akins' famous  
stage success of the same name.

"CHARLEY'S AUNT" PROVES  
POPULAR HERE.

"Charley's Aunt," the big feature  
farce with Syd Chaplin which is  
now being shown at the West End  
theater, is a picturization of the  
celebrated stage play by Brandon  
Thomas.

As a play, this hilarious vehicle  
broke all money-making records for  
the stage.

It is said that the sun never sets  
on "Charley's Aunt," meaning that  
it is always being played some-  
where in the United States, Eng-  
land, Canada, Australia or some  
other place where good comedy  
entertainment is enjoyed.

That "Charley's Aunt" is a staple  
commodity for amusement is re-  
marked by George Bernard Shaw  
in a recent article in Harper's  
magazine in which he states: "My  
currency is as universal as that of  
Sherlock Holmes or Charley's  
Aunt or Mary Pickford or Bill Hart  
or Charlie Chaplin."

"Rambler," writing in London  
Biograph, declared that "Charley's  
Aunt" with Syd Chaplin in the title  
role will infuse such new blood in-  
to the old lady that she will con-  
tinue to keep running for many  
generations. That she is as hale  
and hearty as ever as far as her  
ability to tickle the risibilities of

## PRESIDENT OF REALTOR BODY TELLS OF AIMS

That the most important aim of the realtor is to elevate, standardize and professionalize his calling, is the assertion of D. Richard Ainsley, Fresno, president of the California Real Estate association, in a statement today. In so doing, he brings the greatest force of the age, co-operation, into the service of the community building, Ainsley says.

"Developing the home, boosting for the home town and bringing new people to live upon the lands and lots of the state are prime essentials for the realtor," declares Ainsley. "The association has thrown its entire energies into getting every ethical real estate broker and salesman into the local boards and thus combining their tremendous assets of vision, energy, faith, courage and investment into a real, solid, workable community force, whose power for good will be as unending an limitless as are the opportunities for home building in California."

"To go forward as a state, we must have more people to enjoy our unexcelled advantages of living and education, and to share in the opportunity to make a better living. Larger and more industries must be built. Trade and commerce must be fostered, and natural resources developed for greater use by the people. The most important of all is the new vision of the farming opportunities in California."

"Farm land values must be stabilized. Sound agricultural values give value to bank stock, industrial and commercial enterprises."

### Costa Mesa

A reunion was held at Orange County park by the Erbe families of Costa Mesa, Long Beach and Santa Ana. Included in the party were Mr. and Mrs. August Erbe and daughters, Alice and Lucy; William Beck, Mr. and Mrs. Ed Baumgardner, Mr. and Mrs. Emil Gratus and son, Clarence; Mr. and Mrs. Volney Varnum and daughter, Vina, all of Long Beach; Mr. and Mrs. Buckley of Santa Ana; Mr. and Mrs. H. Erbe and children, William, Susanna, Weston and Leora; Mr. and Mrs. John E. Erbe and son, John, and Mr. and Mrs. R. S. Erbe, all relatives. Others in the picnic party were Mr. and Mrs. H. Bullock and children, Hardeeth and Loletta; Mrs. G. A. Viele and son, George, and daughter, Julia; Mr. and Mrs. Griffin and children, Buddy and Fay; Mrs. Brown and daughters, Lena and Beatrice; Clyde, Floyd and Lois Mitchell, Mrs. Cox and daughter, Lillian.

Costa Mesa was well represented at Orange County park Sunday afternoon. Enjoying the outing were Mr. and Mrs. Te Winkle, Mr. and Mrs. Plas and children, Mr. and Mrs. Roy Wertz, Henry Pangle, Mrs. James Pangle and daughter, Edith; Wilma and Grace Patterson, May Dell Allen, J. H. Viele, Mr. and Mrs. F. W. Viele, Lois and Winifred MacCartney, Merle Ewell, Jessie Viele and Mr. and Mrs. R. Viele.

## HIGH GRAVITY OIL SECURED IN H. B. FIELD

HUNTINGTON BEACH, March 18.—Two new wells came in on the east side of the local field this week. Both came in at shallow depths and show high gravity oil.

Petroleum Midway Davenport No. 10, situated at the corner of Springfield and Delaware avenues, came in at 450 barrels Monday afternoon. The well, a redrill job, was placed on production last week, but sanded up. It was opened again Monday. After spouting sand and water for a few minutes, the well settled down to a steady flow of 27 gravity oil. The hole is 3735 feet.

The Sun Oil company's No. 5 was the second well placed on production on the east side. The well came in Tuesday afternoon with a rush and for the first few minutes flowed at the rate of nearly 1000 barrels a day. Flowing through a small pipe, the oil soon dropped to a steady flow of about 400 barrels. The head shows a gas pressure of 550 pounds. Gravity of the well is 27.

Oil men were convinced here today of the feasibility of redrilling dry holes on the east side and plugging in on the shallow zone. Several excellent wells of high gravity oil have been uncovered in the zone during the last several weeks.

Let me rebuild your old suit.  
Hoffman, 603 No. Main.

## LET CONTRACT AT MOUNTAIN RESORT

Contract for the new water system at Arrow-Bear Park, located on the shores of Arrow-Bear lake, in the San Bernardino mountains, has been let, it was announced today by M. P. Carlock, developer of the property.

All roads in the park are expected to be completed by June 1, when the summer season will begin. With the opening of the City Creek highway, about April 15, Arrow-Bear park is expected to become a most popular resort for summer and winter sports, says Carlock. The Rim of the World drive and Deep creek, famous for trout that bite and fight, cross the entire length of the park.

"We commenced the subdivision of Arrow-Bear park about a year ago in a small way," said Carlock. "Recently we acquired the famous Deer Lick Springs property, which is conceded to be the finest resort property in Southern California. The lodge and store at the springs, now in the heart of Arrow-Bear park, will be greatly enlarged this spring."

"The Arrow-Bear Lake corporation, the resort developing company, is planning construction of a hotel, dance pavilion, boat house, cabins and stables at an early date. The new lake will be stocked with rainbow trout."

"Arrow-Bear park has hundreds of cabinette owners and it is believed that more than 200 cabins and homes will be built there this spring."

The property is three hours by automobile from Santa Ana.

Reduce! Don't be fat. No effort

## THE DIXON TURBINE PUMP

**Gives You the Following  
Cardinal Features:**

### 1. Performance—

Our peculiar design of runner and diffusion chamber gives the DIXON Pump an efficiency unrivaled by none. Slow speed has been proven necessary to long life and is now standard practice among the better grade pump makers. By a very simple construction, we positively keep all water and sand out of the shaft bearings. We keep these bearings flooded with oil. The importance of this feature cannot be over-estimated, as water and sand on bearings spell ruin.

### 2. Simplicity—

The DIXON Pump has but two places to oil, and these need oil only once in 2 or 3 weeks. We use no flexible couplings and no stuffing boxes. The latter feature makes our pump very adaptable for installing at the bottom of a pit in case the purchaser wishes to reduce the cost of installation. If desired, our direct connected head may be converted to the belted type in less than a half hour's time.

### 3. Price—

Our new prices are down to such a level that you can no longer afford to bother with the old style pit pump or other obsolete equipment. These low prices are made possible through a simplified construction of both pump head and motor. We have no high salaried agents, neither do we expend huge sums in heavy advertising. Our pump is built complete in our factory. You can pay more but you cannot get more.

The Dixon Pump Is Made in All Sizes for Any Lift—

Write us and we will tell you where you can see our pumps in operation.

Write for catalog and prices, stating size wanted.

### AUTOMATIC SELF- STARTING MOTOR

—Gets up maximum speed in much less time.  
—Reduces first cost.  
—No compensators.  
—No continuous adjusting.

## ACTORS ROUND OUT PARTS IN 'TO THE LADIES'

Student-actors in the senior class play, "To the Ladies," rehearsed until a late hour last night, rounding out their parts in the production, ready for tomorrow night's performance in the high school auditorium. The performance starts at 8:15 o'clock.

With scarcely a hitch, the play was carried through the three acts of hectic comedy and tense dramatic situations. The play is under direction of Ernest Crozier Phillips, dramatics teacher at the high school and director of the Santa Ana Community Players.

Elsie Bebe, the heroine of the play, whose part is taken by Miss Madeline Moase, believes it is not by coincidence that most successful men are married. Developments of the plot support her contention.

In Line for Promotion.  
Her husband, Lenard Bebe, played by Emil Poust, is in line for promotion. He has one rival for the position, also an ambitious young fellow.

Encouraged up with high hopes, Lenard attends the annual banquet of the company at which the decision is to be made on the appointment. He finds to his consternation that his rival's speech, delivered first, is the identical one he has learned for the occasion. They had both taken them from a book. Lenard's wife comes to the rescue and makes an extemporaneous address.

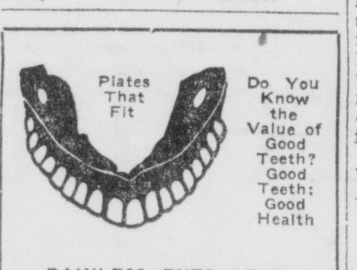

The speech wins the appointment for Lenard and it is not until some time later that his employer learns the circumstances. In the dramatic scene that follows, Lenard is demoted to his old position. His wife intercedes.

With finality, Elsie Bebe is told by Kincaid, the employer, that he would have "none of his executives controlled by a wife." Then Mrs. Kincaid appears. It develops that during all the years of Kincaid's success, he has relied on his wife.

Submits to Wife's Control.  
Toward the finale, Kincaid is forced to submit to the "control of his wife." Lenard Bebe is reinstated.

Other students who appear in the cast are Don Dearth, as Tom Baker, the rival; Walter Wurster, as John Kincaid; Miss Josephine Courtney, as Mrs. Kincaid; Harold Fish, as Senator Cassidy, a politician; Louis Napier, as Mr. Hendrick; Miss Lizetta Phillips, as Mrs. Hendrick; Miss Mary Roberts, as the stenographer; Raymond Grisot, as Chester Mullen, the comic actor; Miss Joy Helen Smith, as Miss Marie Sheffield; Warren Hamilton and Lebbeus Metzgar, truckmen.

## Postal Workers Get Back Pay Under New Law

Local postoffice clerks and carriers yesterday drew their first pay under the new schedule contained in the postal bill recently passed by congress, giving postal employees substantial increases dating from January 1 of the present year. The increase will average about \$300 a year to each clerk and carrier drawing the maximum salary, and somewhat less to those receiving less pay.

## PLAN STORE ON NORTH SYCAMORE

A store and brick business structure will be built at 111 North Sycamore street, by J. E. Cope of that address. The building will occupy ground space 16 by 76 feet. It will cost approximately \$5000. Bowman and Preble have the contract.

A brick residence to cost \$6000 is planned for 509 Wellington street by Arthur and Mary Howard of 830 Minter street. W. H. Dixon is the contractor.

P. Anderson of 512 Cypress avenue will construct a five-room, \$5000 dwelling at 1218 South Ross street. Faccou and Anderson will supervise the work.

Charles D. Swanner, 1715 Spurgeon street, will build a five-room stucco home at 2341 Bonnie Brae drive. He has awarded the contract to J. S. Elliott. Cost will be \$5100.

John Galbraith, 1061 West Fourth street, will construct a duplex residence at 1077 West Third street at a cost of \$3000. N. L. Galbraith has the contract.

George Stryling, 1118 Orange avenue, plans construction of a \$3000 home at 1334 South Van Ness street. The owner will supervise the work.

Contractor H. R. Bradley, 306 North Broadway, will build a home for himself at 404 Harwood place at a cost of \$3000.

S. J. Babcock, 306 North Broadway, will build a \$3000 house at 825 North Olive street.

## Show Upholstery Work In Window

Attracting hundreds of interested persons, a demonstration showing how overstuffed furniture is made is being conducted in the window of the McCune Furniture company's store at Fourth and Spurgeon streets, this week.

The demonstrator, Raymond Paulson, of Los Angeles, will be here until Saturday night. He is working on a three-piece mohair set.

The McCune company, which handles large quantities of overstuffed furniture, persuaded the firm employing Paulson to send him here for a week in order that the firm's patrons and the public might learn of the various processes incident to the stuffing of furniture.

## Hold Funeral for Resident of H. B.

HUNTINGTON BEACH, March 19.—Funeral services were held here yesterday morning for Mrs. Anna Johnston, 73, of this city, who passed away at her home, 226 Geneva avenue, Tuesday.

Mrs. Johnston is survived by her widower, Robert A. Johnston. Mrs. Johnston was born in Brunswick, Germany, March 6, 1852. Mr. and Mrs. Johnston were residents of Huntington Beach for several years. About a year ago they moved to Lankershim. Recently they returned to this city. Interment was made at the local cemetery.

## NIGHT COUGH QUICKLY RELIEVED

This is the substance of a letter received from H. W. Webb, Quincy, Ill. "I coughed a great deal, especially at night. Tried almost everything and have found nothing to equal FOLEY'S HONEY AND TAR COMPOUND. One dose relieved my cough and I rested well all night." One of the largest selling cough medicines in the world. Contains no opiates. Safe for children. Insist upon Foley's. Refuse substitutes. Sold everywhere.—Adv.

## RECORD SET IN OPENING MAIL ON INCOME TAX

Although more than 75,000 income returns were filed Monday, the last day of the filing period, for the first time in the history of the sixth California district, with headquarters in Los Angeles, all mail in the revenue office was opened and all returns marked and in the cashier's cage at 10 o'clock Monday night.

This set a new record for internal revenue offices, Collector Rex B. Goodcell said. In giving praise to the executive ability of E. M. Cohee, his new chief office deputy.

Revenue supervisors said that it was doubtful if the record set in handling returns in the Los Angeles office would be reached by any other revenue district in the United States.

Several million dollars was in the mail received by Collector Goodcell Monday.

"The number of returns filed indicates that the annual growth in population and expansion in income production which has become a Southern California habit, was in full swing in 1924," Collector Goodcell said.

C. W. HOUSTON  
229-230 Grosse Bldg., Los Angeles

## Dry Stucco Homes

How popular is the modern stucco home and how durable. But stucco surfaces are porous and absorb water. That is why the walls of such homes are damp. That's the reason they are harder to heat in rainy or foggy weather.

## BASS-HUETER Concrete Wall Coating

Made originally for painting concrete, BASS-HUETER Concrete Wall Coating has been used successfully on some of the largest state and civic buildings, banks, hotels and apartments in the West.

Color combinations are possible that may be had only with paint. Thus you

are adding beauty as well as protection; sun and rain cannot affect the uniformity of color.

You can add years of life to your stucco home as well as a distinctive attractiveness by now applying BASS-HUETER Concrete Wall Coating.

# Our Windows!

## What they Mean in the Advancement of Your Home

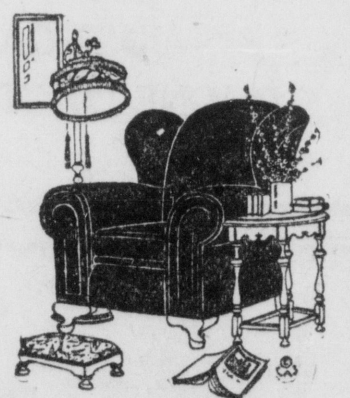

—Our windows are the "eyes" of this great home-furnishing store.

—They reveal what is new and in good taste for nearly every room in your home.

—That's why you ought to "window shop" here often—there is always something new and interesting—we invite you.

—We also want you to know of the character of the furniture you'll find within our store when you do need new things—now or months from now.

—To follow our windows closely is to be well versed in furniture styles—and furniture values.

## HOW TO ANSWER BLIND CLASSIFIED ADS

In answering blind addresses (for instance, Box 26, Register, or other similar addresses), please be careful to use the precise address given in the ad. Write address plainly. Letters brought to the Register office do not require stamps. Always enclose your answer in sealed envelope.

**TITLE (FORBID) ADS**  
If an advertiser who has made application for credit and opened an account with The Register Publishing Company desires to have any "blind" advertisement published continually, until further notice, he may do so by signing a "title" order to that effect. An advertisement thus begun will appear regularly until countermanded by written order.

**THE OFFICE REPLIES**  
The Register's postoffice department is conducted for the benefit of patrons who wish answers to come to the office. Advertisers are furnished with identification cards. Register office. For the protection of our patrons, replies are not given out except on presentation of box card.

No record is kept of the names and addresses of patrons using the Register's postoffice. Therefore no information concerning these advertisers can be supplied. (This is made for the welfare of "Box A-234" care The Register.)

DON'T MISS THE COAL-DUST COMEDY ON THIS SCREEN TO-MORROW

## REISTER HITS HOMER WITH 3 MEN ON BASES

Nelson, New Hurler, Shows Up Well; Locals Take on Tustin In Return Game

For the second time this season, Coach Lyman Kidman's Santa Ana high school baseball team took the measure of the local junior college nine on the Poly last yesterday afternoon. The score was 11 to 3, considerably more decisive than the early season brawl when the collegians got off with a 9 to 7 reversal.

A timely circuit smash by the redoubtable "Tex" Reister, with the sacks loaded in the opening canto put Kidman's troupe so far out in front that they never were in danger. The collegians kept the score fairly close until the last chapter when Poly felt on "Chick" Brown like the well known ton of bricks, ringing the bell six times.

Kidman's aggregation played greatly improved baseball. Still smarting under their first defeat of the season at the hands of Tustin, the locals were to take on Earl Murray's hirelings at Tustin again this afternoon.

Little Bob Nelson, a sophomore, got his baptism on the firing line against the junior college and he came through with flying colors. After the veterans Reister and Spencer had toiled a few frames, Kidman ordered Nelson to the ridge and the little right-hander delivered nicely. In two innings he granted but one hit and he whiffed three of his opponents.

Abe Johnson went most of the route for the collegians, allowing five tallies in four stanzas. Brown, a recruited player, finished up and was bumped freely.

Ed Daley and Ray Smith both connected for three-baggers during the match and Reister doubled. Marston did most of the heavy lumber work for the junior collegians. The box score:

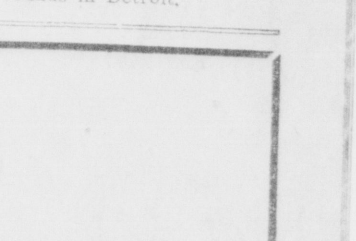

High School	Junior College
Norton, 2b, 4	Clark, 2b, 4
Urbine, cf, 3	Eudaly, cf, 3
Daley, 3b, 4	Reister, 3b, 4
Reister, 1b, 4	Johnson, 1b, 4
Midgley, 4b, 1	Righter, c, 2
Spencer, 2b, 3	Smith, 2b, 3
Spencer, p, 3	Armstrong, p, 3
Bell, 1b, 1	Marston, 2b, 2
Smith, ss, 2	Steele, cf, 2
Nelson, cf, 1	Brown, 1b, 1
Steele, 1b, 1	

## Mascart Arrives for Kaplan Bout

NEW YORK, March 19.—Edouard Mascart, European featherweight champion, arrived here today on the French liner France with his manager, Edmond Tate. Mascart said he expected to meet Kid Kaplan, American champion, in Madison Square Garden on May 5 in a contest for the world's championship.

There is growing resentment in England against commercialism in football. Many followers of the game feel that it is more a business than a sport, and they complain that they do not get value for their money.

Young Marullo, the New Orleans middleweight, will receive the acid test on the night of March 6, when he is to face Champion Harry Greb for 10 rounds in Detroit.

Here's your chance to buy an all wool suit for the young fellow—he needs a well made suit with two pair of knickers. They are here—

**\$10 TO \$15**

## The Wardrobe

B. UTTLEY, Prop. 117 East Fourth St.

## COUNTY BASEBALL LEAGUE TO BE REORGANIZED AT MEETING OF TEAM LEADERS NEXT WEEK

Reorganization of the Orange County Baseball league, which in its first season "out" enjoyed a most successful spell last spring, will be discussed at a meeting of persons interested next week, according to announcement here today by Victor Walker, local sporting goods dealer and the "Landis" of the circuit. At least four and possibly six strong semi-professional teams are expected to have representations at the talkfest.

The gathering, Walker said, will be held the middle of the week, probably on Wednesday or Thursday night at the Walker store.

Local fans will recall the exciting pennant chase last year which the Santa Ana Commercial company, piloted by George Lackaye, won only to lose out in a championship series with Arthur Trickey's Irvine Bumpkickers, the club which finished second in the race. More than 1000 fans attended the deciding game of this series.

This season's scramble is expected to find at least two powerful clubs from the northern

Woods Realty Co.	1st	2nd	3rd	4th	Total

Totals	460	548	407	425	1840

## What team won the pennant in the Western league in 1922?

T. N. Tulsa.

Was R. Norris Williams 2d ever national singles champion in tennis, if so when?—R. V. C.

Yes, in 1916.

What was Hagen's score when he won the national open golf title in 1914?—F. D. S.

290.

Has Rogers Hornsby ever batted below .300 as a major league regular?—C. B. S.

Yes, in 1918 he hit .281.

What horse won the Kentucky Derby last year?—S. A. W.

Black Gold.

What major league clubs has Bill Wambagans played with?—W. A. C.

Cleveland and Boston, American League.

When did Eddie Martin win the bantamweight title and who did he win it from?—R. F. S.

G. H. S.

Yes, in 1901-02 to play Stanford.

How old is Wally Schang of the Yankees and how long has he been in the majors?—R. F. D.

Schang is 34 and has been in the main tent since 1913.

## WHEN WALTER JOHNSON PITCHED FOR S. A.

D'ye remember the Santa Ana All-Stars who used to play Sunday baseball out at Hawley park? These pictures, taken during the winters that Walter Johnson pitched for the locals, will bring back fond memories to scores of oldtimers here. They were furnished The Register through the courtesy of Floyd Mitchell, local postoffice employee, who was official scorekeeper and reporter for the team. The above picture was taken November 15, 1908. Reading from left to right in the top row are: Walter Johnson, p; Ed Crolic, manager; Jess Robinson, 2b; Eddie Householder, cf; Bill Donovan, 3b. Second row—Roy (Brown) West, ss; Percy Angle, rf; Bob Isbell, 1b; "Dummy" Price, c. Bottom row—Noah Henline, if; Jim Adams, cf.

This photograph was taken January 31, 1909. Top row—Roy (Brown) West, Bill Donovan, Anson Mott, Guy Meats, "Mickey" La Longe. Center row—Norman ("Kitty") Brashear, Ed Crolic, Walter Johnson, Eddie Householder. Bottom row—Jess Robinson, Noah Henline.

## POLY TRACK SQUAD OPPOSES PASADENA

One of the best track meets of the local season was expected to result when the Santa Ana and Pasadena high school teams clashed at Poly field this afternoon. A victory over the Millionaires would put Coach Ray Adkinson's team on an even plane with their for third place in the league standing.

Stocks, a colored hurdler and field event performer, and Calnes, a sprinter of ability, were the stars of the team that Pasadena brought here. The clash between Stocks and Howard Paul of Santa Ana in the 220 yard low hurdles was expected to prove the banner event of the day.

With Paul in exceptional form there was a possibility that the slim little star might again shatter the Santa Ana high school and Coast Preparatory league record in the broad jump. Paul's leap of 22 feet 5 inches against San Diego last Saturday is one of the best marks ever recorded by a Southern California high school athlete.

## MICKEY WALKER TO RETURN EAST SOON

LOS ANGELES, March 19.—Mickey Walker, after issuing a broa defi which included every fighter in the world except Jack Dempsey, has given up hope of finding any more matches on the Pacific coast and will start for the east early next week.

After holding out for some time with an idea that a fight with Oakland Jimmy Duffy could be arranged, Walker has come to the conclusion that Duffy doesn't want to meet him.

Of old-timers staged a benefit game for him.

"Kitty" Brashear, now a Pacific Coast league umpire, was a member of the local aggregation. Guy Meats, now of Garden Grove, was Johnson's catcher. Anson Mott, also now of Garden Grove, played in the infield. Jess Robinson and Roy West, who played under the name "Brownie" are the only members of the original All-Star who still reside in this city.

## Does Van Ess Actually Grow Hair?

Yes—or Money Back!

800,000 men and 600,000 women have tried Van Ess Scalp Massage. These users say: YES!

Here's what one enthusiast writes:

Los Angeles, California, November 18, 1924.

Van Ess Laboratories, Inc.

Dear Sirs:

Was so bald headed that I used a Turkish towel to comb my hair until after using Van Ess Scalp Massage. You can see results from photos. There are three things I would not part with—my wife, tooth brush and Van Ess Scalp Massage.

If they will follow directions and be patient it will do all that it is advertised, and now my friends are all using it as I have proven to them what it will do. I travel quite a bit and always have a bottle of Van Ess with my tooth brush. It is a family remedy for all scalp troubles.

Yours truly,

C. WYLER,

950 West 59th Place, Los Angeles, California.

We Guarantee

in writing to stop falling hair in three weeks—or new hair in 90 days—OR MONEY REFUND. You are the sole judge. Your own druggist gives the warrant. Hence you take no risk in making our 90 day test. At all drug or department stores. Van Ess Scalp Massage.

# Says His Prescription Completely Banishes All Rheumatic Pain and Twinges--Is Guaranteed

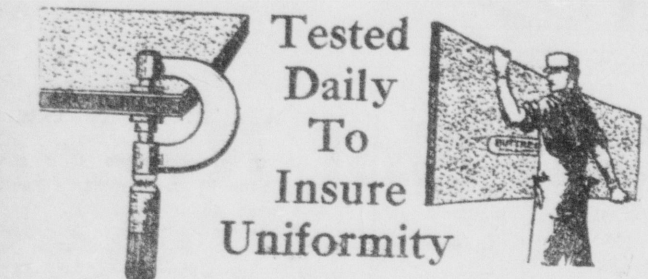

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Pain Starts to Leave the System Within Twenty-four Hours.

C. S. Kelley Drug Company and every druggist in this county is authorized to say to every rheumatic sufferer that if ALLEN-RHU, the sure conqueror of rheumatism, does not stop the agony, reduce swollen joints and so away with even the slightest twinge of rheumatic pain, he will gladly return your money with-  
out comment.

ALLEN-RHU has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Mr. James H. Allen of 26 Forbes St., Rochester, N. Y., the discoverer of ALLEN-RHU, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless ALLEN-RHU decisively conquers this worst of all diseases, and he has instructed C. S. Kelley Drug Co. and druggists everywhere to guarantee it as above in every instance.—Adv.

## BUTTRESS WALLBOARD

TEST No. 2—Buttress Wallboard is made of pure gypsum rock plaster, compressed for strength between two sheets of tough paper and ironed to glassy smoothness. The factory output is tested daily in our laboratory, with micrometers, to insure absolute uniformity of thickness.

Fire-Proof Weather-proof Sound-proof Vermin-proof

Owing to its smoothness and uniform thickness, the joints in Buttress Wallboard can be so successfully concealed that the walls and ceilings present a smooth, flat, firm surface for any form of decoration.

When You Order Wallboard From Your Lumber Dealer, Be Sure To Specify "Buttress."

BUTTRESS MFG. CO. LOS ANGELES

## PROCEED SLOWLY ON BILL TO EXCUSE SCHOOL PUPILS FOR TRAINING IN RELIGION

There is a great deal of whole-some advice in the Latin saying, "festina lente," which, translated into English, means "make haste slowly," and this advice was taken when the much discussed religious instruction bill, now pending in the state legislature, came up for consideration at the session of the executive board of the Fourth District of Congress of Mothers and Parent-Teachers association, held here a few days ago.

The bill, said to have the support of church organizations throughout the state, provides that pupils, at the written request of their parents, may be excused from 60 to 180 minutes a week during school hours for the purpose of receiving religious instruction. Boards of education will designate the time for such absence. It is stipulated, however, in the bill that each pupil shall be held accountable for the regular amount of work prescribed in the curriculum.

Ministers Support Measure

The Rev. Henry G. Burgess, pastor of the Richland Avenue Methodist church and secretary of the Santa Ana Ministerial association, made it known today that the measure has unanimous support of the ministers of the city, and that Assemblyman Sam C. Harran, of Fullerton representing this district, has been so advised.

After viewing the question from every possible angle, and after having listened to arguments for and against provisions of the proposed law, the P. T. A. board decided to postpone indorsement until more information could be secured.

Activities received here from New York are to the effect that a short time ago the Brooklyn Federation of Churches arranged classes in religious instruction for the Protestant pupils of eight Brooklyn public schools. Slips were distributed among the Protestant children of these schools for the purpose of having them filled out by the parents, indicating with a check the name of the church they wished their children to attend.

Don't Attempt Proselytizing

The slips were given to none but Protestant children and there was no attempt at proselytizing.

It was pointed out by the church federation that the sending out of the slips is more thorough and provides more precautions against mistakes than if the children simply wandered into any church they came across. In that case, some Catholic or Jewish child might drift into a Protestant church and its parents would have cause for resentment. With the parent's permission, it is felt that there will be no opportunity for misunderstanding or misrepresentation.

While the Brooklyn church federation is taking an optimistic view of the experiment, there is, on the other hand, decided opposition to the project, the advocates state. The Rev. Dr. Jacob Kohn, a prominent Jewish rabbi, is reported as being opposed to religious instruction in connection with the

## Orange Neighbors Enjoy 'School Days'

ORANGE, March 19.—Bringing back memories of happy school days, last Saturday evening a jolly company of roguish lads and of lassies with long braids and curls, responded to the ringing of the school bell, bidding them welcome to the home of Mr. and Mrs. M. E. Livingston, 602 West La Veta avenue, Orange.

The scene fulfilled every suggestion of a country school in every detail. Roll call revealed there were present just children, two of them coming in late, with very appropriate excuses.

Following the singing of the national anthem, the old-fashioned spelling match, arithmetic contest, history with a humorous essay of three of our great Americans, was greatly enjoyed. A brief review, given in the form of conundrums, brought much merriment for the evening. The teacher fulfilled her vocation both in looks and actions, providing necessary punishment for the unruly as well as a dunce cap for the unwise.

After recess a real closing day program was enjoyed, in which each one participated either with song or recitation.

Mrs. Livingston having been awarded highest honors in her class, read a very well composed history of "Our Gang" done in rhyme. She reviewed the many incidences this little company of friends and neighbors have enjoyed at their several gatherings in the past few years. In honor of the poem and her birthday, she was presented with a lovely bouquet of daffodils.

At the sign of the noonday bell the children adjourned to the ante room where they found buckets filled to the brim, with lunches suggestive of by-gone days. Later in the evening a birthday cake with all its trimmings was brought in as a surprise to four of the members, Mrs. Livingston, Miss Korn, Mr. Moose and Mr. Engel.

A vote was then taken to decide who was the most appropriately dressed for the occasion, the honor going to the teacher, Mrs. Engel, and a lovely box of stationery was presented to her.

Those enjoying the evening were, Mr. and Mrs. M. E. Livingston, Mr. and Mrs. William Moose and daughter Mary; Mrs. Blanche Bartlett, Miss Anna Korn, Mr. and Mrs. Jesse Campbell, Mr. and Mrs. J. E. Paul and son, Roscoe, Mr. and Mrs. Aaron Engel and sons, Rodney and Rodger.

## Husband Refuses To Talk English; Wife Quits Him

SAN FRANCISCO, March 19.—Mrs. Vera Sanchez got tired of talking with her eyes and obtained a divorce from her husband, Joseph. She said he talked only Spanish. Her favorite language was Russian, and he refused to meet her on the common ground of English.

## Deny Champ and Bride In Films

NEW YORK, March 19.—Jack Dempsey, world's heavyweight champion, will not be prevented from defending his title by any motion picture contracts that he may sign, according to Jack Kearns, his manager.

Kearns refused to verify reports that Dempsey and his bride, Estelle Taylor, had been signed to a half million dollars contract for three pictures.

Camphor Water For Eyes

Nothing has the quick action of simple camphor, witchhazel, hyalastis, etc., as mixed in Lavoptik eye wash. One small bottle Lavoptik helps any case, weak, strained or sore eyes. Aluminum eye cup free. C. S. Kelley, druggist 101 E. 4th St.—Adv.

## OUR—NEIGHBORS

SAN BERNARDINO — Twenty thousand dollars in gold, in all denominations in which gold is coined, has been shipped to the San Bernardino Valley bank by the famed Monaghan & Murphy bank of Needles following purchase of the deposits of the desert bank by the Bank of Needles, a branch of the San Bernardino bank. The deal involved approximately \$300,000, and marks the passing of the Monaghan & Murphy Bank, established nearly 40 years ago. In the shipment of gold are worn and slick coins, carried years ago by prospectors and mining men of the desert when paper money was a rarity. For years, the gold coin has been on deposit in the Monaghan & Murphy bank and in the transfer of the deposits from the bank to the Bank of Needles, the gold was taken from the vaults.

RIVERSIDE — Loyalty, efficiency and courtesy are the three most important things in the work of a successful police officer, Captain Sweeney, veteran of the Los Angeles police department, told members of the Riverside police force and a number of visiting officers assembled in the council rooms. "You men must sell yourselves to your citizens if you are going to get anywhere," Captain Sweeney declared. "The people are tired of the old methods of bulldozing. They demand service and courtesy and if you can't give it to them they'll get somebody who will."

TUJUNGA.—Mrs. Mary Bennet Harrison, whose book, "My Way They Knew Not," was well received some time ago, is completing a new novel, the scene of which is laid in Tujunga canyon. Friends here

are awaiting its publication, as the environs of the volume are local, the home of the heroine being on the rim of Big Tujunga canyon. Mrs. Harrison's first book had a large sale in San Fernando valley and still is in demand.

CLAREMONT—Two new Pomona college songs, breathing the spirit for which Pomona college is everywhere famous, have just been completed by Professor Olive, one of the college instructors in music, who is well known to all students through his much-loved Pomona songs. These two latest additions to Pomona's already large collection of songs are expected to become as popular certainly as "The Picture," and "Chivalry," which are Professor Olive's lasting contributions to the school's glory. He has named them "Loyalty" and "The Spirit of Pomona."

# YOUR PILES STOP!

## When Treated From the Inside

**Have Ointments, Salves, Dilators or Other Local Makeshifts Cured Your Piles So They Won't Come Back? Such Treatments Never Heal Where They Can Not Reach**

**Reaching the Real Trouble from the Inside Is the Common Sense Way—the Surest Method. That Is the Page System of Treatment**

**As a Last Resort After Trying Every Conceivable Treatment for the Cure of Piles, Thousands Have Been Healed by the Page Internal Treatment.**

**A Trial Treatment Sent FREE If You Mail the Coupon.**

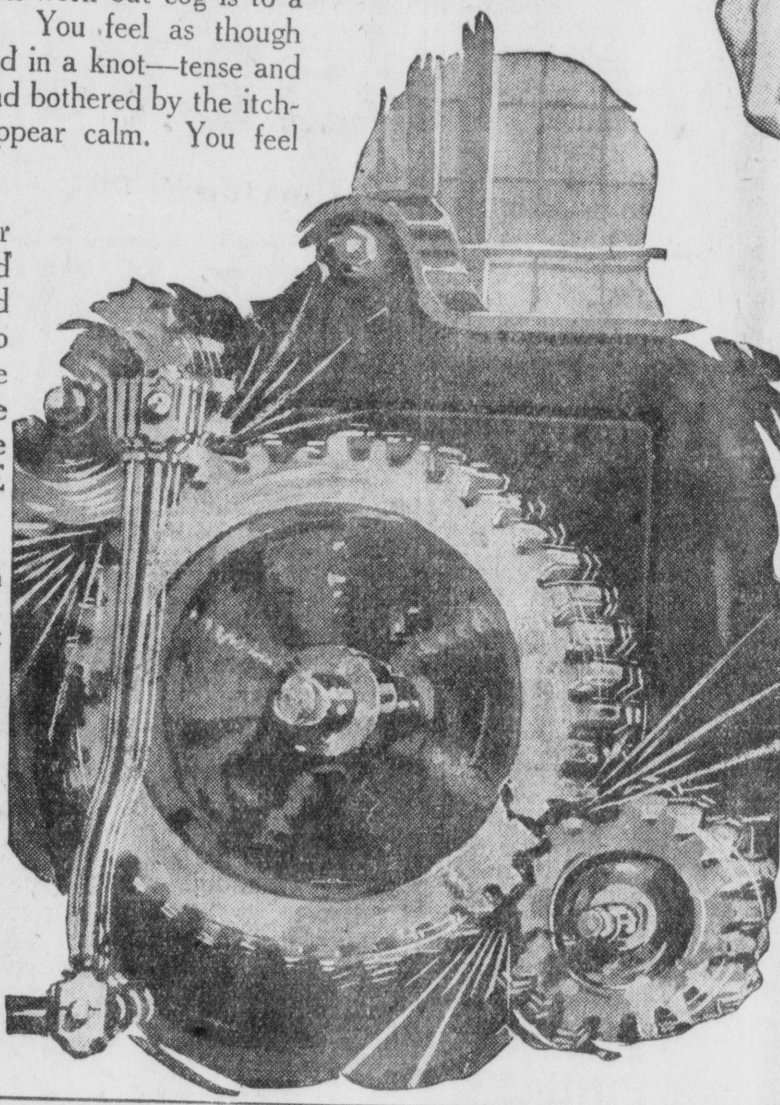

Why suffer any longer? Get rid of the irritation—the agony—nights without sleep—days when the least effort of working grinds on you like a worn out cog.

And Piles are to the body just as a broken worn out cog is to a machine. There is the grind and irritation. You feel as though every muscle, every fiber, every nerve were tied in a knot—tense and strained. Before others you are embarrassed and bothered by the itching irritation when it is most important to appear calm. You feel grouchy. It is hard to smile and be yourself.

If your watch, your automobile, or any other piece of mechanism had a broken cog you would have it fixed. It is just as easy and a thousand times more important to make up your mind to cure your Piles. Since you know the real trouble is on the inside and that the Page System for the cure of Piles starts from the inside instead of the outside—sign and mail the coupon for the FREE Trial Package Now.

No matter how severe your case may be. Even though in desperation you are thinking of an operation. No matter how many years you have suffered, be it five, ten, or thirty-five years,—no matter what your age, be it ten or nine times ten, the Page Method will bring quick relief. You will be just as thankful as thousands who write that they feel themselves to be permanently cured.

The Page Method is different. It starts from the inside and heals. It is the one most reliable, surest, dependable remedy for the treatment of piles. Send the coupon now. It will cost not a single penny until you are convinced of the results. On receipt of your name and address a trial package will be sent you absolutely FREE—as fast as the mails can carry it.

Convince yourself of the healing qualities of the Page Method for the Internal Treatment of Piles by sending for the FREE TEST. You will feel like a new person—enjoy sleep, be calm and energetic in your work, and relaxed for an evening's pleasure. Your mind and body can be depended upon to give quick and sure response to the duties and demands of daily life. Once gone,—the right way, piles will not come back every few weeks.

The most important part of the Page System for the cure of piles is the little Page Pile Tablet and you will enjoy chewing one or two after meals. This reaches the inside where the real trouble is. The Treatment also includes a wonderful ointment for temporary use while the tablets are taking effect and a bowel regulator.

This System for the Cure of Piles is the result of twenty-five years' experience with every form of piles, carrying the endorsement of thousands who tell of the cure of pile cases. It goes further than a treatment prepared to give relief for the moment. Its purpose is to cure piles permanently by treating them from the inside instead of the outside.

Take the time now, forget all that you have tried or thought of trying—sign the coupon and prove the truth of these statements to yourself. Remember the treating of piles from the inside instead of the outside has been thoroughly proven. It heals. Read the letters on this page. Note the years that others have suffered and then found health and happiness. Many who followed this treatment twenty years ago still report not the slightest trace of returning piles. Many who have taken just the trial package have been healed. Note that a patient with a case of bleeding piles for 20 years is reported as completely healed after taking the Page Internal Treatment. Surely a remarkable case.

Letters come to us daily just like these you read on this page. We have enough of them in our offices to keep you reading for many days. Yet the proof is in what the Page Internal Treatment can do for you.

## Coupon for Free Proof Package

**Just Chew a Pleasant Tablet, Your Piles Go and Do Not Come Back.**

**A Broken Cog Will Wreck a Whole Machine.**

**One Little Touch of Piles Will Wreck the Human Machine, Spoil Your Disposition, Unfit You for Work and Eventually Ruin Your General Health.**

**Mend That Cog; Heal Those Piles**

The best thing that you can do today or that you have done in many days will be the mailing of the coupon for the trial treatment. All we want you to do is to try this treatment according to directions—easy to follow. Prove it to yourself. You run no risk. The Good is worth the effort. No matter how many years you have been annoyed and irritated by piles in any form, whether you are bothered constantly or just once in a while, don't let anything stop you from trying this treatment. Send your name and address now.

# FREE TEST!

## Is Your Story Like These?

**Every One Has a Kind Word to Say of the Page (Internal) Pile Treatment**

One Small Treatment Was Enough to Cure

Mr. E. R. Page,  
Dear Sir: I sent for a small sized treatment of your Pile remedy and by the time I had used it all I was entirely cured. Have had no symptoms of Piles since. This was in May, 1923, when I received the treatment. I cannot praise your remedy too highly. You may publish this if you wish.  
Yours very truly,  
H. S. HULL,  
23714 1st Ave., Spokane, Wash.

Says It's a Sure Cure

E. R. Page Co., Marshall, Mich.  
Gentlemen: I wish to let you know that I have been suffering with Piles for 15 years. Have been using all kinds of salve from the doctors, but found no relief, so have used one large and one small size treatment received last Spring and now I find myself cured. Thanks very much. I shall recommend your treatment to any sufferer of Piles, as it's a sure cure. You may use my name any time as a reference.  
Yours very truly,  
LOUIS BATHKE,  
Algoma, Wis.

Will Not Permit Others to Suffer

E. R. Page Co., Marshall, Mich.  
Gentlemen: Yours of the 21st received and in reply will say your medicine is wonderful. It has done more for me in three weeks than any doctor has done in seven years, and I can never forget you or praise your medicine too highly to prove my appreciation for what you and your medicine has done for me. I am sending two of your slips to two people I know that suffer with Piles and I am also going to send to you their addresses to be sure they get in touch with you. I don't intend for anyone to suffer with Piles if I know it. I can never thank you enough for your wonderful medicine and if you can use this letter to help you or others who suffer from Piles, I will be more than glad to have you use it.  
Thanking you for your patience and your medicine, I remain,  
Sincerely,  
MRS. NORA CLARK,  
Brookville, Kan.

No Wonder She Is Thankful

E. R. Page, Marshall, Mich.  
Dear Sir: I am glad to say your Pile treatment has cured me of this terrible disease. I have suffered for about three months and never was able to find anything that would relieve me. When I began using your treatment I was not able to do my housework nor eat anything. If I did I would almost have vomited. But now I can do my housework and can eat anything I want all night. You can tell the world I am willing to recommend your remedy to anyone who wishes to know what to get for Piles. I will gladly refer them to E. R. Page, Marshall, Mich. I extend to you many thanks for the cure of my case.  
Sincerely yours,  
MRS. OLA STATON,  
Marshall, N. C.

Treatment Saved Operation

E. R. Page Co., Marshall, Mich.  
Gentlemen: I write you this letter to say that after suffering from Piles for six (6) years, I took one of your treatments and it cured me. It has now been six (6) months since I took the treatment and I have not had Piles since. I suffered badly and had been told by medical officers of this post that an operation would be necessary, but your treatment cured me and saved a matter of fairness to give you this testimonial and you are welcome to use it in any way that you wish. I cannot praise your treatment in too high terms.  
Very truly yours,  
E. ALLEN, Sergeant,  
U. S. D. B. Guard,  
Fort Leavenworth, Kan.

Praise from a Minister

E. R. Page, Marshall, Mich.  
Dear Sir: Just a few lines to you in regard to your treatment for Piles. I have taken medicine as you directed, on my back for three weeks, when taking it as you directed brought relief to me such as I have not realized in 20 years. Any time you can use my testimonial I will be delighted to say that E. R. Page's Pile Treatment is the best with the highest of praise. I feel there cannot be too much said in regard to this wonderful treatment.  
Your brother,  
REV. C. S. DRISKELL,  
Houghton, S. D.

Worth a Million to Him

E. R. Page Co., Marshall, Mich.  
Gentlemen: It gives me great pleasure to inform you that I have used your Pile treatment as per directions and can state that it has positively cured me. I was bothered with bleeding Piles for 20 years and was operated on once for them. I want to say that E. R. Page's Pile Treatment was worth a million to me. If the use of this letter will prove of benefit to others who may be suffering from Piles, you have my permission to use it as you see fit.  
Respectfully yours,  
JAMES MARSH,  
Ottumwa, Iowa.

Doctors Recommended Operation

E. R. Page, Marshall, Mich.  
Dear Sir: As your remedy has cured me after 15 years' suffering, as I tried all the doctors around here and all they wanted was to operate on me and I thought I would try your remedy and it proved all right. I am well now. You can use my name if that will be any good to you. I am very thankful for your remedy and I hope all Pile sufferers will try them, for it is a blessing.  
Yours truly,  
MRS. MARTIN NASH,  
Holidaysburg, Pa., Route No. 2.

Had Both Protruding and Bleeding Piles

E. R. Page, Marshall, Mich.  
Dear Sir: Your month's treatment for Piles received. Used according to directions and am very glad to write you and let you know results. I was in very bad shape with protruding and bleeding Piles for ten or twelve years. Have used one month's treatment and Piles apparently all gone. If you care to use this testimonial you are welcome to do so.  
Respectfully yours,  
S. P. REXFORD,  
206 Glasby St., Saginaw, Mich.

72 Years Old and Cured

Mr. E. R. Page, Marshall, Mich.  
Dear Mr. Page: In reply to your letter, will say I am nearly 72 years old, have suffered many years with Piles. The last two years was so taking you my medicine I feel cured from Piles. I had some real bad hemorrhages two or three times a day. I have been so weak I had to lie down. Your wonderful medicine was a God-send to me. I told it to others. I hope and pray you may be spared long years to manufacture your great remedy for Piles. So thanking you only as one can for your wonderful sure cure medicine, I am as ever,  
Your friend,  
MRS. J. C. NOBLE,  
9 Lockbridge St., Pawtucket, R. I.

## OPTION TO BE TAKEN ON FAIR SITE NEAR S. A.

The county supervisors were today preparing to close an option upon 16 acres of land at the foot of Main street, south of Santa Ana, which is proposed as the site for a county fair grounds.

Decision to secure the option was reached at a board meeting late Tuesday, when a difference of attitude developed between the members of the board over the question. The motion to close the option finally carried by a vote of 3 to 2.

Supervisors Leon Whitsell, of the fourth district, and William Schumacher, of the third district, opposed the option. Their districts, it is understood, favor a site somewhere on the state highway between Anaheim and Santa Ana. Supervisors S. H. Finley, T. B. Talbert and George Jeffrey supported the motion.

The site in question is offered by the Irvine company at a price of \$350 per acre. Under the option it may be purchased, if desired in quarters, the option on the first quarter extending to August 1, 1925; on the second quarter, August 1, 1926; on the third quarter, August 1, 1927; and on the final quarter, August 1, 1928.

The option will cost the county \$100.

## GETS PUMP ORDERS IN TULARE COUNTY

R. F. Dixon, president of the Dixon Pump works, who has just returned from an extended trip to Fresno and Tulare counties, reports that conditions are surprisingly good, especially in Tulare county.

"A great deal more confidence is being evinced in lines of business," he remarked, "and I brought home additional orders after our pumps had been installed."

"We claim the distinction of making pump history in this county. We recently sold and shipped a large pump to a Japanese syndicate for use in Japan."

"Our plant now is operating at capacity. In addition to repairs and parts, we turn out an average of one turbine pump complete each day. We see prospect of increasing our plant before long."

## Force Children To Carry Rum; Court Takes Them

KANSAS CITY, Mo., March 19.—Two families forfeited the right to rear their own children because they forced the children to carry corn whiskey from an alleged booze joint to their home for family consumption.

The rule was laid down by Probate Judge Henry Meade in the cases of Mr. and Mrs. Mike Ruske and Mrs. Christiana Sissof, taken before the court on charges of violating the federal prohibition laws.

"Dad and mama would send us to Mrs. Sissof's house for corn whiskey," Anna Ruske, 10 years old, told Judge Meade. "We took jugs and things and carried it home."

"If we didn't get it we got licked," added Joe Ruske, 6 years old. Mike Ruske Jr., 5 years old, gazed. Judge Meade ruled that Mrs. Sissof contributed to the delinquency of her two children as well. They are Rosa, 6, and Mary, 3 years old.

## Hold Last Rites for Archie Adams

Last sad rites for Archie Dean Adams were impressively but briefly held Tuesday afternoon at Smith and Tutill's chapel, which was filled with sorrowing friends. The casket was surrounded with myriads of lovely flowers, and the Rev. F. T. Porter, pastor of the First Christian church, officiated at the services, which were very brief on account of the condition of the young man's mother, Mrs. Dave Adams, who has been prostrated since her son's death last Sunday. The pallbearers were cousins of Mr. Adams, Frank B. Hunt, Orrin S. Hunt, Henry Eugene Hunt and John G. Chamberlain, the latter from San Bernardino.

## Urges Survey of Irrigation Farms

WASHINGTON, March 19.—An economic survey must be made to inform irrigation farmers of the west what products can best be produced, Senator McNary, Oregon, republican, told the senate yesterday.

"Certain soils may produce a big yield," said the senator, "but there may be no market for this crop; or the freight haul may absorb all the profits."

"Therefore, it is essential that an economic survey be made so that the farmers will know what crops can be produced."

**MURDER SUSPECT HELD.** ASHLAND, Ore., March 19.—Authorities today were holding a man answering the description of Bert Hill, who is suspected of murdering Fred Smith, near Weed, Calif., October 28, last.

**YEGG MEN BLOW SAFE.** DENVER, March 19.—Yeggmen broke into the office of Chancellor Heber R. Harper, of Denver university, yesterday and, after blowing open a large steel safe there, made their getaway with an undetermined amount of loot which is expected to run into thousands of dollars.

## Ann Luther Is Divorce Suit Co-Respondent

NEW YORK, arch 19.—Dagmar Godowsky, daughter of Leopold Godowsky, pianist, and herself a motion picture actress, has started proceedings for divorce from Frank Mayo, her actor-husband, naming Ann Luther, known both on the stage and in the courts, as having been too friendly with Mayo.

The suit was filed after what Miss Godowsky says was a "raid" she made on Mayo's apartment.

According to her story, she, two detectives and three friends broke into Mayo's apartment Monday night and found Miss Luther there.

Miss Luther explained her presence today, saying Mayo had been ill and she had called to see how he was getting along. Mayo's wife told a different story.

## NEW TALE OF DOG HEROISM TOLD IN NORTH

DUTCH HARBOR, Alaska, March 19.—The gas boat Daisy arrived here from Chernofsky bay, bringing the body of a dog, Dennessy, and the story of another dog hero to be added to the vast volume of northland canine annals.

Dennessy was hunting sheep March 3 with an Eskimo, Ustasio Ugaldia, and being wearied, stopped to rest. Ugaldia shed his coat and gave it to the youth and then went on to the ranch house reaching it the next day.

On that day the terrific wind-storm came up that caused damage all through the Aleutian islands. Trails were obliterated and it was not until March 9 that first word was received of the lost youth.

Shortly after dawn of that day, an emaciated but game dog, his eyes dull with fatigue, barely able to keep his legs, scratched feebly at the door of the cook house.

It was "Leuty," Dennessy's collie, which had remained with his master on the wind-blown divide while Ugaldia sought help. For nine days, the dog had wandered with his owner and then, bereft by death, took the homeward trek for the held that had never come.

"Leuty" rested and was fed carefully until he had recovered his strength. Then, at the head of a rescue party which had been baffled for days, he led the way straight to his master's body.

It was discovered that the shepherdman had been chilled in the storm and had died slowly of cold and starvation while he wandered the windswept wastes with his dog.

## Big Auto Factory Sale Is Intimated

DETROIT, Mich., March 19.—Officials of the General Motors company, who are here for their semi-monthly meeting, refused to make any statement on reports that negotiations were under way for the purchase of Dodge Brothers Motor company.

However, information from reliable sources says consummation of the deal awaits only the return of F. E. Upton, executor of the estate, who is out of the city until Friday. The amount involved is said to be more than \$100,000,000 and, according to reports, General Motors is planning to put a \$60,000,000 first mortgage on the Dodge Brothers property which will be accepted as a first payment.

**PARK SLEEPER IS PRINCE.** BUDAPEST, March 19.—A suspicious looking man in rags, found asleep on a park bench here, was identified as the German Prince, Alexander Hohenlohe-Oehringen, when arraigned in police court. He probably will be deported.

**POSTPONE "ENTENTE" MEET.** BELGRADE, March 19.—The conference of the "little entente" has been postponed from March 20 until mid-April, when the delegates meet at Bucharest.

## MOTHER!

"California Fig Syrup"

Dependable Laxative for Sick Baby or Child

When baby is constipated, has wind-colic, feverish breath, coated-tongue, or diarrhea, a half-teaspoonful of genuine "California Fig Syrup" promptly moves the poisons, gases, bile, souring food and waste right out. Never cramps or overacts. Babies love its delicious taste. Ask your druggist for genuine "California Fig Syrup" which has full directions for infants in arms, and children of all ages, plainly printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

## FULLERTON MEN FORM COMPANY TO MAKE CAMPS

Stations Would Be Located On Borderland Highway Day's Journey Apart

FULLERTON, March 19.—A number of Fullerton men have announced the formation of a company to promote the establishment of a chain of auto camps located on the borderland highway from Florida to California along the route. The name of the new organization is the Traveler's Auto Camp company, incorporated for \$75,000.

Officers elected are C. Wesley Ames, president, D. J. Davis, vice-president, A. A. McCormick, secretary-treasurer, F. E. Copp and George H. Gobar are directors. All those interested are local men, the plan having its inception here. Mr. Ames will personally supervise the building of the camps, ten of which will be located at the following places: Blythe, Calif., Yuma, Phoenix, Prescott, Williams, and Holbrook, Ariz.; Bellen, Gallup and Clovis, N. M., and Amarillo, Texas.

Each camp, it is announced, will have ten two-room cottages fully equipped with ample parking place for tourists who desire to camp out.

## LIVE NEWS NOTES FOR PARK READERS

BUENA PARK, March 19.—Mrs. John Page gave a surprise birthday party for her daughter, Helen, recently. The evening was pleasantly spent with games, stunts and dancing. Refreshments were served.

Guests included Mr. and Mrs. Justin Spohn, Florence Warren and Mabel Robison, of Buena Park, Ted Payton of Norwalk, Mr. and Mrs. L. Seabridge of Belvedere, Morris Thompson of Orange and friends from the Fullerton high school. Wilbur Page, Floyd Wildermuth, Floyd Hatfield, John Brunet, Lydia Shulte, Dorothy Foster and George Matter, and Bertha and Edith Page.

Mr. and Mrs. Andrew Bassel have returned from a visit in New Mexico.

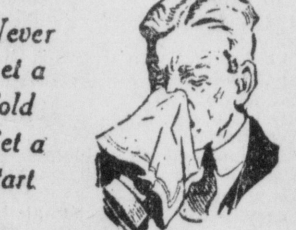

H. E. Smith and family have moved into their house in Mission Garden tract, recently purchased from J. K. Doyle.

Mr. and Mrs. L. E. Plummer and family spent Sunday in Balboa. Mrs. J. B. Robinson, Mrs. M. E. Berkey and Mr. and Mrs. J. H. Spohn motored to Santa Fe Springs and Artesia Tuesday morning.

The regular monthly business meeting of the Christian Endeavor Society will be held Saturday night at the Community hall. An initiation will be held for the new members.

## Canadian Folk To Return to Calif. For Home

HUNTINGTON BEACH, March 19.—Mr. and Mrs. C. P. Marsh of Huntsville, Ontario county, Canada, were today on their return to Canada, but they will soon move to Southern California to make their home, according to A. McAdam, an old friend of the family. Mr. and Mrs. Marsh, who recently completed a several weeks' visit in Orange county, were delighted with the country. During their stay in this city they spent more of their time near the ocean. They also spent several days visiting old Canadian friends in Santa Ana. They declared their intention of locating either at Huntington Beach or some other point in Orange county upon their return in the fall.

## Vapors Check a Cold Overnight

There are many ways to treat a cold but only one DIRECT way—with vapors that can be inhaled.

Vapors penetrate immediately into every corner of the air passages and lungs, soothing and healing with every breath.

Vicks is so remarkably successful in treating cold troubles because it acts like "a vapor lamp in salve form."

When rubbed over throat and chest the body heat releases vapors of Menthol, Camphor, Eucalyptus, Thyme and Turpentine. At the same time Vicks is absorbed through and stimulates the skin like a poultice or plaster.

This double, direct action often checks the worst cold over-night.

**VICKS VAPOR**  
OVER 17 MILLION JARS USED YEARLY

## FINAL PREPARATIONS FOR OPENING OF NEW HIGHWAY ARE COMPLETED AT BEACH

HUNTINGTON BEACH, March 19.—Final preparations are being made here today by the entertainment committee of the chamber of commerce to care for a large crowd Saturday, when the official opening of the state highway between this city and Newport Beach will be celebrated.

John M. Barlow, chairman of the entertainment committee of the chamber of commerce, and J. A. Armitage, secretary, have been operating with chambers of commerce of other cities along the line of the highway from Long Beach to Balboa, and have arranged a splendid program for the guests of honor.

City officials from practically every town in Southern California will be represented at the celebration, as well as county officials from Orange, Los Angeles, Riverside, San Bernardino and San Diego counties. Officials of the automobile clubs will also be numbered among the guests.

Attendance from San Bernardino, Riverside and Orange counties will be swelled by a large number of people who are expected to attend the annual Tri-county track and field meet to be held at the local high school. It is expected that several hundred people will attend the meet and will also be able to participate in the highway celebration.

A band concert will be given on the beach at the municipal bandstand, by the Huntington Beach band, under the leadership of Harry G. Webber. Vaudeville numbers will also be given.

## HIGHWAY WORK AT MESA IS PRAISED

COSTA MESA, March 19.—Much praise is heard locally for work of the road building crew under General Road Overseer James Warren, which has just completed the work on Newport road from Fairview crossing to Eighteenth street and the continuation of West Eighteenth street. The latter street has been widened to 40 feet and has been built up like a

## Wilson Pictures To Be Shown at Grammar School

HUNTINGTON BEACH, March 19.—Motion pictures of the life of President Wilson from the time of his induction as president his first term until the time of his collapse after his League of Nations tour, will be shown at the Huntington Beach grammar school the evening of March 24, beginning at 7:30 o'clock. The money derived from the showing of the pictures will go into one of the school's special funds.

## Rotarians Leave For Fresno Meet

FULLERTON, March 19.—A delegation of seven local Rotarians, accompanied by their wives, left yesterday for Fresno to attend a three-day Rotary convention Thursday, Friday and Saturday of this week. The party included President and Mrs. Hutchinson, Mr. and Mrs. A. R. Volk, Mr. and Mrs. F. C. Krause, Mr. and Mrs. W. M. Irwin, Mr. and Mrs. J. Charles Thamer, Rev. and Mrs. Walter Thornton, and Mr. and Mrs. Arthur Staley.

## RE-UNION OF TWO SISTERS AT LAGUNA BEACH SERVES TO BRING FORMER SCHOOLMATES TOGETHER

LAGUNA BEACH, March 19.—The meeting of two sisters who have not seen each other in 30 years brought together last Wednesday, about 25 of their mutual friends of the old school days, when they were students in the Westminster school.

Mrs. Laura James of Santa Ana and Laguna Beach and Mrs. "Iowa" Davis Smith of Marshfield, Ore., sisters, were born in Marshfield, but the family came to Southern California in the seventies. Mrs. "Iowa" Davis married and returned to the Oregon city of Coos Bay. She stayed there until this visit to her former home. Mrs. James, whose home in Laguna Beach is just the place for big parties, invited many of the old school friends to her home and a delicious dinner was served, small talk and gossip of past years making the hours interesting.

Mrs. James had covers laid for over 20 for dinner, the guests including Mrs. "Iowa" Davis Smith, Marshfield, Ore.; Mrs. Mary Johnson, Santa Ana; Mrs. Virginia Peterson, Westminster; Mrs. Belle Edwards Rogers, Santa Ana; Mrs. Tottie Steuhaus Solomon, Hermosa Beach; Mrs. Clara McPherson Jones, Orange; Mrs. Daisy Clark Kiler, Ontario; Mrs. Lottie Lyman, Nuevo; Mrs. Maria Larter Harris, Santa Ana; Charles D. Griffith, Covina; Mrs. Jennie Wayman Johnson, Laguna Beach; Mrs. Olive Polard Griffith, Covina; Mrs. Ora Wayman Warling, Laguna Beach; Frank Kiler, Ontario; Hansler Larter, Huntington Beach; Mr. and Mrs. Ed Larter, Westminster; Mrs. Lizzie B. Clark, Ontario; Mrs. Grace Baker, Hollywood; Miss Edith Stephens, London, England.

Two members of present beach high school board to run again.

HUNTINGTON BEACH, March 19.—With the approach of school trustees elections in this district considerable rivalry is expected for the hearts of high school trustees. Two men whose terms will expire on the high school board will probably be candidates for re-election. They are J. J. Conrad and R. E. Larter.

No Opposition to Eader

E. R. Bradbury has also been suggested for the position on the board of high school trustees. No opposition has developed to John H. Eader for re-election to the grammar school board.

Bradbury, a Wintersburg man, is expected to enter the race to establish a larger representation of the outlying districts of the school. C. A. Johnson, D. T. Tarbox, and W. T. Newland all residents of this city are the other members of the school board at the present time. The reelection of Newland and the reelection of Bradbury would give the country district a much larger representation, it is pointed out.

Plan New Building

Plans for a new high school are now under consideration by the high school board. A special meeting of the board was held at the high school this week when a report of the survey of H. H. Hart and B. H. Peterson of the University of California was heard.

## NAB MEXICAN ON CHARGE OF SHOP-LIFTING

Man Held In Connection With Fullerton Gem Theft Again Arrested

FULLERTON, March 19.—Ernest Rosas, Mexican, recently arrested in the Stallmer jewelry store this city on suspicion of being connected with a \$1000 jewelry robbery in which two Mexicans perpetrated in that establishment February 17, but who was later released when no evidence could be produced against him, was arrested again in Covina on a charge of shoplifting, police here said today.

Covina officers picked up four Mexicans who had been operating in various stores of the city, and stolen goods were found on all of them. A telephone call to Mr. and Mrs. Stallmer of the Fullerton jewelry store brought them to Covina where they identified one of the Mexicans held as Ernest Rosas.

When Rosas was previously arrested in Fullerton he was in the company of another Mexican, who was later identified as a dope peddler and who, after trial in Los Angeles, was deported to Mexico. The two men attempted, it is said, to burglarize the Stallmer store using the same methods used by the two Mexicans who a few days before, had snatched \$1000 in jewelry from the store. Mrs. Stallmer saw through their hoax and managed to phone the police. The men who robbed the local store have never been found.

## POPULAR COUPLE MARRY AT ORANGE

ORANGE, March 19.—Miss Thelma Spray, daughter of Mr. and Mrs. Anna Spray, and Clyde Dennis, son of Mrs. Carrie Dennis, were married at the Spray home, 231 East Almond avenue, by Rev. George A. Francis of the First Baptist church of Orange and today were on their wedding trip.

Both the bride and the bridegroom are graduates of Orange union high school. Mrs. Dennis also attended Santa Ana junior college for one year. After April the couple will be at home to their friends at 414 Marietta Place.

## CLEAN-UP DAY AT BEACH SCHEDULED

SEAL BEACH, March 19.—A general cleanup day is being planned by the Woman's Improvement Club for a day in the early part of April. With newly paved streets members of the club say Seal Beach cannot afford to have the vacant lots littered with rubbish and the woman are marshaling their forces for a well-organized effort in that direction. Planting of more flowers is also contemplated, it was declared.

## Work Bureau Is Established By Beach City

HUNTINGTON BEACH, March 19.—The city trustees recently inducted City Advertising Agent J. A. Armitage to establish a free employment bureau at the chamber of commerce building where employers might get in touch with those needing work.

Armitage has been carrying on the work on a small scale for some time but with the co-operation of the city the work is to be carried on a much larger scale. The Lions club and the American Legion are also co-operating with the employment bureau at the chamber of commerce. John Whitfield is in charge of the division of the Lions club while G. H. Strachan, adjutant of the Legion post, has charge of the Legion division of the employment bureau. The Legion has been providing employment service to war veterans for the past several months.

## Select Teams for Lions Club Race

HUNTINGTON BEACH, March 19.—"Puts" and "Takes" are the names of the sides of the Lions club in the coming attendance contest to be held by Lions clubs over the United States. Last year the local club won a large plaque for having a 100 per cent attendance. This year they hope to repeat the feat. John Barlow is the captain of one team and Ed Manning is the captain of the other team.

The teams were selected by the captains at the regular meeting of the club yesterday. James Hansen and Dr. Ray Adams were the chairmen of the day. The program was furnished by Mrs. D. M. Peters who sang several solos, and Thomas Talbert Jr., who gave several recitations. L. W. Blodgett presided at the meeting in place of President Clark H. Reid, who was not present.

FULLERTON, March 19.—At the regular weekly luncheon meeting of the local Rotary club, F. G. Miles of Los Angeles gave a brief talk on Rotary business ethics. Mr. Miles discussed the Rotary slogan, "He profits most who serves best," pointing out its practical application in modern commercial institutions.

## Fertilizer's Odor Leads To Objections

PLACENTIA, March 19.—Because certain cars of fertilizer held on the railroad siding here give off a very pungent odor at times the Placentia chamber of commerce has taken up the matter with the office of the district attorney, it was learned today.

With a view of reaching an accord in the matter and to bring about the elimination of the objectionable odor, Chief Deputy District Attorney C. N. Moxley of Santa Ana was to confer today with the superintendent of this division of the Atchison, Topeka and Santa Fe railroad, according to Charles Lee, secretary of the local chamber of commerce.

## Orange Personals

ORANGE, March 19.—Mr. and Mrs. Ray McCarthy, Mr. and Mrs. L. A. Stevenson, Mr. and Mrs. E. Clement, Mr. and Mrs. K. E. Watson, Henry Meyer, D. F. Campbell and Stanley Mansur are in Fresno attending the Rotary convention.

Mrs. T. Jacobs and daughter, Agnes of Forest City, Iowa, are visiting at the E. B. Murphy home, 712 East Washington avenue.

Mrs. Eva May Harris and baby daughter have returned to their home in Pasadena after a week's visit with the William Krueger family of East La Brea avenue.

Albert Armstrong, who was operated on Sunday at the Santa Ana Community hospital, has returned to his home on North Shaffer street.

The William Krueger family have moved from East Chapman avenue to the Jacob Krueger ranch on East La Brea avenue.

Miss Wanda Priess, clerk in the high school offices, is absent from her duties on account of illness.

Miss Arlene Watrous, Miss Majel Watrous and Thelma Peterkin spent Sunday at Glen Ivy.

## Blame Employees For Receivership Of Chain Stores

ORANGE, March 19.—That the receivership action filed in federal court, Los Angeles, by stockholders of the Pacific Stores, Inc., was inspired by disgruntled employees, who were recently dismissed was the assertion here today of G. W. Johnston, local manager of the Orange branch store.

The receivership petition had been filed by creditors. "I would have no apologies to offer," said Johnston, "but in view of the fact that the action was instigated by disgruntled employees, who failed to be reinstated when the old board was re-elected recently, the public should be informed so as not to misconstrue its meaning." Johnston stated emphatically that the action was brought by a minority of the stockholders and did not reflect on the financial standing of the organization. Besides Orange, the organization has branch stores in ten California cities.

## SUMMON POOL HALL MAN.

FULLERTON, March 19.—Pursuing their announced determination to stop minors from frequenting local pool rooms, the city trustees have issued a summons to Joe Doma, local pool hall proprietor, to appear March 24 and show cause why his license should not be revoked. Doma recently paid a fine of \$100 on the charge of permitting minors in his establishment and the action of the trustees comes as an aftermath.

## Travel by Water Every Meal a Treat!

With a keen appetite, whetted by a brisk walk on the broad decks or an hour in a comfy steamer chair you feel as though you would like to order everything on the menu. And it's all so temptingly prepared on Admiral Line steamers—everything the market's best—and served in such pleasant surroundings with snappy music to enliven the occasion.

This travel by water way is delightfully attractive, whether the trip be merely for pleasure or business. Admiral Line vessels are like fine hotels afloat.

Regular service, frequent sailings between Los Angeles and San Francisco, Portland, Victoria, Vancouver, Seattle and Tacoma.

For full particulars apply:

## BEGIN WORK ON TUSTIN H. S. IMPROVEMENTS

TUSTIN, March 19.—Work will start on improvements to cost \$27,000 at the Tustin Union high school Monday morning. It was announced today by J. W. Means, principal.

The improvements will consist of a dining room for the cafeteria, additional kitchen room, and a sound-proof music room. Additional classrooms will also be thrown open to the students.

Add Music Room on East. The additions will be made on the right wing of the school. The building, of Spanish architecture, was constructed so that additions might be made easier. The dining room and kitchen will be extended from the eastern wing of the school in the direction of the shop building. The music room will be added to the east side of the auditorium opposite the stage.

Included in the new music room will be a small stage and accommodations for about 150 students. The room will also be used as a small assembly room and for class meetings. Sound-proof walls will be an important part of the room.

To Finish by July. It is expected that the work on the additions will be completed in July. Bowman and Preble, local contractors, have the contract for the addition.

The building plans for the school provide for the ultimate connection between the main building and the shop building by extending a wing back from each end of the large building. Enclosed spaces between the auditorium and the wings will be beautified by the addition of fountains and flowers in the manner of the old Spanish patios.

"No bond issue will be called to pay for the building and the tax rates will not be increased," Means stated today. He declared that the aim of the school board was to provide additional room as it was needed. A little at a time. Each year it is contemplated that additions will be made to the school.

## EVENING SALUTATION

O source of mental day,  
Chase from before my spirit's track the array  
Of mists and shadows raised by earthly care,  
In troubled hosts, that cross the purer air,  
And veil the opening of the starry way  
Which brightens on to Thee!

—Felicia D. Hemans.

## COMMENCEMENT DRESSES

Santa Ana High School students and their parents are holding their annual discussion concerning what kind of dresses shall be worn by sweet girl graduates at commencement functions.

The conclusion reached this year conforms to the conclusions reached nearly every year for some years past. The dresses are to be "simple and inexpensive." It is again pointed out that when no attempt is made at uniformity, some of the girls wear very expensive dresses, thus bringing a tinge of embarrassment to their sister students whose financial condition is such that they cannot spend money freely. The girls of the senior class are to be congratulated upon their decision. Uniformity of dress adds not only to the peace of mind of many students and of many parents of students, but really adds to the dignity and attractiveness of commencement occasions. The fact that a dress is comparatively inexpensive does not mean that it will be anything but pretty and becoming.

## HEBREWS AS FARMERS

It may surprise most readers to learn that there is a Jewish Agricultural Society in New York City, which publishes a farm magazine in the Yiddish language.

"And who reads it?" Here comes the real surprise. There are now 75,000 Jewish farmers in the United States, owning and working more than 1,000,000 acres of land. In 1900 there were only 200 Jewish farm families here, with 12,000 acres.

The increase represents a notable change in the economic trend of the Jewish population, partly due to natural causes and partly to the deliberate efforts of the Jewish Agricultural Society to get its people back on the land.

If it is hard for the average American to think of the Jew as a farmer, that is because the ancient history of the race is ignored. The Hebrews were an agricultural people in the days of Israel's glory. They were driven from agriculture by military conquest of their own country, and when they were scattered abroad they became tradesmen and bankers largely because so many countries refused to let them own land, and those were the only pursuits left them. Now, turning to agriculture again in America, they make as good farmers as they do business men.

## BAD-MANNERED PICNICKERS

Women's clubs in some communities are actively waging a very useful campaign for the promotion of "outdoor good manners." The advent of the automobile giving such ready access to parks and forests and open countryside has helped to aggravate a problem of long-standing. That is the cluttering up of lovely scenes and picnic spots with discarded paper dishes, left-over food, tin cans and other refuse.

Persons who keep their own yards trim and clean often strangely careless when they are picnicking somewhere in Nature's yard. Neat and particular housewives who treasure the beautiful things about their own homes are sometimes guilty, when on an outing, of tearing up wildflowers by the roots, breaking down branches of trees and performing other destructive and marauding acts which would horrify them if regarded in truthful light.

The wilfully destructive are few in number, though they do exist and contribute appreciably to the exhibition of outdoor bad manners. The careless and thoughtless are the menace. Nevertheless there is much hope in a campaign of education and publicity along this line. If clubs and schools and other civic organizations get together in cheerful co-operation they can accomplish a good deal in a single season toward persuading those who seek outdoor recreation to leave the charming haunts where they play as clean and beautiful as they find them.

Gen. Dawes did say some pretty bad things about the Senate, but senators should remember that at least he didn't write any poetry about them.

## SENATE LOSSENS UP

The United States Senate outdid itself the other day, in an unexpected way. It ratified, by a big majority, the celebrated Isle of Pines treaty, which had been hanging around for twenty-one years in spite of the efforts of several administrations to get it through. That treaty confirms Cuba's title to the island. The action, as President Coolidge remarked, will help Pan-American relations by strengthening the confidence of our Latin brethren in Uncle Sam's honesty and good intent.

At the same time the Senate agreed, by a vote of 73 to 2, to make the resolution for adherence to the World Court a special order of business for December 17. Although this means nine months more of delay over a question on which the nation as a whole seems to have had its mind made up for some time, there is satisfaction in knowing that the Senate at last has committed itself to action on the matter. Unless public sentiment changes markedly during the summer and fall, a favorable decision may be expected in the Senate next winter.

This is a good start toward senatorial co-operation with the Executive Department in foreign affairs, such as used to be the rule. The public would like to see more of it.

It isn't so hard, after all, to account for Nurni. Finns are all well educated. Nurni studied everything in the school curriculum; and curriculum, a high school student explains, is a Latin word meaning "a running course".

## ELECTRIFIED FARMS

Only two and one-half per cent of the farms of the United States have electric service. Nevertheless, the department of agriculture says, electricity is already supplying more farm power than is supplied by gasoline engines. Some of it is received from central stations. Many farm homes have individual generation plants.

This means much in better lighting for house and farm buildings, in the opportunity for the farm wife to use labor-saving machinery and for the farm husband to have improved equipment in many phases of his work.

It is partly the use of electricity, along with the gas-

oline engine and other up-to-date equipment, that has enabled the American farmer today to produce three times as much per man as was produced with the methods of 1850. The power available to every farm worker is not estimated as 4.6 horsepower as against 1.5 horsepower 75 years ago.

Undoubtedly the per cent of farms using electricity will not long remain as low as it stands today. It will be a happy day for farmers and for the whole country when electricity is available in every farming community.

## Adding to Arable Lands

San Francisco Chronicle.

An important part of the flood waters of the San Joaquin river is still running unused to the sea and a large acreage of good land lying between Merced and Fresno is without water for the production of crops and, therefore, is of necessity used for grain or pasturage, which is not its highest possible use. In past years there seems to have been some disagreement, but finally a new irrigation district has been created which proposes to build a dam at Friant, in the foothills, in which flood waters will be stored to irrigate 550,000 acres.

If, as is stated, there are 550,000 acres of good land, and the ultimate expense of the dam and distribution system, complete to every farm, is but \$30,000,000 the cost works out to be between \$50 and \$60 an acre, which is not high. Next to the Imperial valley this is the largest irrigation project in the state and may be regarded as an addition of more than 800 square miles to the agricultural area of California.

With official reports on the successes and failures of irrigation enterprises in Western America available, the financing should be so worked out as to avoid such embarrassments as many irrigation districts have had to contend with. The fact that more than half the acreage is owned by one strong corporation whose executives are familiar with all forms of agricultural problems is a great advantage.

It may be assumed that bonds will be issued no faster than interest payments can be met from the products of the land. This will assure for the state a credit, and consequent low interest rate, which few irrigation districts have ever had at the beginning. And in the end there will be 800 square miles of agriculturally new land subdivided into small holdings occupied by owners.

## President Representative

Long Beach Press-Telegram.

A big question is at issue between the President of the United States and the United States Senate. The Constitution provides for "advice and consent" of the Senate in making Presidential appointments. This should be construed rather rigidly, no doubt, in all appointments except cabinet positions. The cabinet is more nearly personal to the President. He has full power to shape policies of the executive departments. He can change any policy of any department, at any time. He can dismiss a cabinet official from office without advice or consent of the Senate. This, therefore, places the cabinet in a class by itself. The President, it would seem, should be given leeway to make appointments to his cabinet as he sees fit, inasmuch as he is responsible to the country for their fitness and for the quality of their performance.

The Presidency is more representative of all the people than is the Senate. This is obvious. Mr. Coolidge has just come from the people with an overwhelming mandate. His policies and methods have been given phenomenal endorsement by the people. Surely, he should have the right, unhampered, to name his constitutional advisors.

The contest over the nomination of Charles B. Warren to be attorney general creates a precedent that may result in a clearer demarcation of the rights, privileges, immunities, courtesies and prerogatives of the President and the Senate in the matter of appointments.

## Leads In Reading Books

Stockton Independent.

"Westward the course of reading takes its way," according to State Librarian Milton J. Ferguson who announces that the circulation of library books in California during the past two years has exceeded the rate of every other state in the nation.

The number of books borrowed from state, county and city libraries during the biennium 1923-24 totaled 23,150,103, which is an increase of 100 per cent over the biennium period of 1913-14.

California's county library system, said to be one of the best in existence, has no doubt been an important contributing factor to the large increase of books lent during recent years.

Visitors make much favorable comment on the library service throughout the state and are especially impressed with the type of library buildings and equipment that may be found even in the very small California towns and villages.

## EDITORIAL SHORTS

Los Angeles county is now claiming 1,800,000 population on the strength of its school attendance. The school report for that county shows an average daily attendance of 232,018 as compared to 60,426 for Alameda and 54,670 for San Francisco. The comparative figures are interesting, but the ratio of eight to one which is used in order to arrive at this population estimate is very high. Riverside county has a school attendance of 10,640 and this ratio would give the county a population of 85,120. The actual figures are probably somewhere between 60,000 and 65,000, certainly not above 65,000. The guess of the Press is that Los Angeles boosters have placed their population estimate about 500,000 too high—*Los Angeles Press*. And then again, maybe Lot's wife heard somebody yell "fore!"—*Little Rock Arkansas Democrat*.

## YOUR HEALTH

By DR. CLIFFORD C. ROBINSON

## COLDS FROM EXPOSURE

Overheating, severe chilling and getting thoroughly wet by storms are three leading causes of colds by exposure. Carelessness in such matters is a case of ignorance or a willful neglect of health, that will be sure to show in lessening bodily resistance, before many years have gone by.

This exposure, to which so many severe colds are due, may be of two kinds:

1—The sudden exposure to chilling which often occurs after sweating freely from an overheated body and then a dash out into cold or wet.

2—The longer or continued exposure which may be the result of a long ride, working in a cold room, under adverse conditions or exposure from outdoor labor with insufficient clothing or other protection.

Working in a warm room, with comparatively little clothing on, then going out with the same protection, while perspiring freely, and meeting a cold blast from the north will give you the necessary impetus to a severe cold in the head and chest. The contact is sudden, sure and severe.

To avoid either of these two causes of severe colds is a matter which all persons can control to a great extent. Do not lie down to rest or sleep without cover. Never lie on a cold cement or ground floor for rest with the body heated above normal or at any time but for a few minutes, when awake.

See that the air supply to your room comes from the proper top window opening and does not fall directly on your resting place.

Look out for bad conditions when working in wet clothes. Change and become thoroughly dry before exposure to cooler air outside.

## The Busy Man's Newspaper

## The Humane Society

Riverside Enterprise

The California Humane society is to meet in Riverside next month. It should interest everyone, for its work is truly great.

The Humane society is both a credit and a disgrace to American civilization. It is a credit because it proves that civilization is trying to do away with cruelty and thoughtlessness. It is a disgrace because there ought not to be any conditions which make humane work necessary.

The work of the Humane society has to do with animals and children—creatures who are helpless to protect themselves. It is the province of these Humane workers to see that a fair deal is given those who are not strong enough or in a position to maintain their own rights.

This need of guardians of the helpless is anything but complimentary to the human race. It demonstrates that man has a long way to go before he becomes what he was meant to be in the scheme of creation.

Few persons really are cruel. Mostly, they are thoughtless. Investigators say that nine cases of brutality out of 10 result from carelessness. Usually when attention is called to the condition that is to be righted the needed action is willingly taken.

Cruelty is most frequent in heats of passion. Few men or women will beat a child brutally unless angered to the point of losing control of their better judgment.

Yet there are a few unfortunate individuals who have a streak of bestiality in them that makes cruelty a delight. They may be victims of a diseased state of mind or they may be "throw-backs" to savagery. It is these dangerous citizens who cause the Humane officers sleepless nights and who make life miserable for the helpless creatures who are in their charge.

Although the situation as regards mistreatment of children and animals is vastly better than it was, there is still room for improvement. Just as was the case years ago performing animals are forced to go through all sorts of unpleasant, difficult, and dangerous stunts for the delight of audiences in circuses and vaudeville theaters. If the writer had the making of the laws of the nation he would immediately promulgate one forbidding the public showing of so-called trained animals. Animals are trained only through fear. When you are told that performing dogs or other animals "love to do their tricks," regard it as so much bunk. The bewildered little canines who walk on their hind legs and turn somersaults at the point of a whip are not a bit happy. They are frightened almost to death.

The Riverside Humane society is said to be one of the strongest in the state. Yet it has pitifully few members. Here is one cause that you ought to help. It is practical Christianity.

## Worth While Verse

## THE SOLDIER'S TEAR

Upon the hill he turn'd  
To take a last fond look  
Of the valley and the village church,  
And the cottage by the brook.  
He listen'd to the sounds  
So familiar to his ear,  
And the soldier leant upon his sword,  
And wip'd away a tear.

Beside the cottage porch  
A girl was on her knees,  
Throwing aloft a snowy scarf,  
Which flutter'd in the breeze.  
She breath'd a prayer for him,  
A prayer he could not hear,  
But he paused to bless her as she knelt,  
And wip'd away a tear.  
He turn'd and left the spot,  
Oh do not deem him weak,  
For dauntless was the soldier's heart,  
The tears were on his cheek.  
Go watch the foremost ranks,  
In danger's dark career;  
Be sure the hand most daring there,  
Has wip'd away a tear.

—Alexander Lee.

## Tom Sims Says

Look where you are going. The Chinese have watched their noses a long time without getting anywhere.  
We all make trouble and then wonder why we have it.  
Where ignorance is bliss it is folly.  
You can keep a good-for-nothing man down.  
Spring's coming. And then the ambition of most of us will be not to have any ambition.

SUBSCRIPTION RATES—By carrier: \$7.00 per year; \$3.75 for 6 months; 65¢ per month. By mail, payable in advance, in Orange county, \$6.50 per year; \$3.50 for 6 months; 65¢ per month; outside of Orange county, \$7.00 per year; \$3.75 for 6 months; 65¢ per month; single copies, 3¢. Entered in Santa Ana postoffice as second-class matter. Established, November, 1905. "Evening Blade" merged, March, 1918; "Daily News" merged, October, 1923.

## WEALTH

YOU kin talk about riches, in money and such, and wish that you had lots of dough, but shucks, after all, does it really mean much, is the thing that I'm achin' to know.

There may be a clink in your jeans every day and, no doubt, that is pleasing to you. It helps one to be happy, likely you'll say, and I'll have to admit that that's true.

But, listen, old topper, the coin that you own and can spend with the wink of an eye, is really quite weak when considered alone 'cause there's something it never can buy.

The real road to happiness lies in your friends, and not in the jingle of jack. It's friendship on which every fellow depends when he wants to hold loneliness back.

You can make heaps of dough as the days come and go; you may have all that money can buy. But your life's not complete lest, with people you meet, you're the friendship type of a guy.

## Dr. Sun a Great Figure

San Francisco Chronicle

Sun Yat Sen was the most striking figure produced by China in our time. It is true that he was a rather futile figure. He achieved one thing—the downfall of the Manchus. He failed to supply anything to take their place. He failed completely in all his subsequent attempts to unify the empire which he had unwittingly broken to pieces.

But this does not lessen the stature with which Sun looms against the background of old China. Perhaps it will not lessen the future influence of his personality upon his countrymen. Sun was an honest man, the one conspicuous Chinese of his time of whom we may be certain that he worked sincerely for his country alone. We do not say there are no others. But such either are not prominent enough to be seen or we have no means of being sure about them.

But of Sun Yat Sen we know that he neither obtained nor sought anything for himself. As Dr. Ng Poon Chew said in his remarkable article published on the editorial page of The Chronicle yesterday, Sun's honesty "shone most brilliantly in the utter glow of Chinese official corruption and rascality."

And it is in this example that Dr. Chew turns for hope of the eventual regeneration of Chinese

officialdom. If it shall prove that the high minded personality of Sun Yat-sen serves as the vital spark in such a regeneration, then this reformer's life, which now appears to have been so impractical and so futile, will have been neither impractical nor futile.

Sun Yat-sen was an agitator, pure and simple, and his failures were due to that fact. He agitated most effectively for the abolition of the Manchu power. So doing he set in motion within himself a faculty that could not be stopped. The agitating center in his brain was like the fairy salt grinder that made the sea salt. He couldn't stop it.

It was probably consciousness of this fact that made Dr. Sun resign the presidency of the republic as soon as he had entered the office. He had to agitate and it was necessary that someone else be president so Dr. Sun could agitate against him. Therefore, having set up the republic he spent the rest of his life agitating against the men trying to run it. So he ruled as such as he but.

A curious combination of effective energy and impractical dreams—but that's a common description of the outstanding reformers. In that class Sun Yat-sen stands out as the dazzling figure of his age.

## Fellowship of Prayer

Daily Lenten Bible reading and meditation prepared for Commission of Evangelism of Federal Council of Churches of Christ in America.

## THURSDAY

## The Reward of Faithfulness.

Read Lk. 9:18-27. Text: 9:24. But whoever shall lose his life for my sake, shall save it.

MEDITATION—There are some values that cannot be had by striving for them directly, they come only as indirect results. No man can say, behold now I shall live a

great life and experience life's greatest blessings. But if a man does good today and tomorrow as opportunity offers, he comes to the end of each day with the consciousness that he has truly lived. Christ was continually anxious that men should have true goals and worthy motives. Where this is true real life follows as a natural and direct result.

"Self-denial, sacrifice and obedience result in the only experience worthy of the name 'life'."

PRAYER—Gracious God, teach us to see the duty that lies nearest at hand. May we find ways of working with our fellows to do the work of the world, that we lose not the sense of thy divine companionship. Let us live in heavenly places with Christ Jesus our Lord. Amen.

NO. 10.—JOHNNY SWEEP WAKES UP

The March Hare looked over the edge of the big barrel where Johnny Sweep was peacefully sleeping beside the broom store. "Zzzzz! Snrrr! Zzzzz! Snrrr!" went Johnny.

Nancy and Nick laughed and even the March Hare smiled a sort of thoughtful, worried smile. "Wake up, Johnny Sweep!" he shouted.

"Wh—whaz at?" asked Johnny sleepily. "I won't do any sush zing."

And he turned over and began to snore all over again.

This time the March Hare reached in and shook him. "Wake up, wake up, Johnny—spring's here and there are about a million chimneys to sweep out," he said loudly.

"S too many," muttered Johnny. And off he went to sleep again.

Indeed is looked as though Johnny was ready to sleep through another winter, but suddenly Nick had an idea.

He ran off and was back in two minutes with an old can full of water. "I'll sprinkle him," he said. "That'll get him out."

"Hi! Rain!" shouted Johnny, jumping up and rolling out of his barrel the minute the water touched him. You've have thought he was yelling "fire," he was so excited. But if you ask, anybody will tell you that chimney sweeps simply hate water.

"Hello, here!" he exclaimed when he saw that the sky was clear and the moon out and that three very interested people were looking at him.

"Hello!" said Nancy and Nick and the March Hare.

"Well," said Johnny. "Now that 've had my bath and breakfast is over, will you please tell

me what you are staring for—and why you are here, and what you woke me up for, and a few thousand other things?"

"All explained in two words," said the March Hare. "Spring's here."

"Well, well, well! So it is!" cried Johnny. "And that means work, doesn't it?"

"It certainly does," said the March Hare.

"I cleaned all the chimneys at Christmas for Santa Claus," Johnny reminded him.

"They're all full of soot again," said the March Hare. "The Fairy Queen has had a million letters, nearly asking where you are. Nobody can get his fire to draw decently and—"

"All right! All right! I'm going," said Johnny. "I'll have to go into the broom store when it opens and buy me a new broom though. My old one is worn out."

"Come along, please, and help me to pick a good one."

"Do you wish to hear some of the letters?" asked the March Hare, reaching down into his pocket.

"Sure," said Johnny. "I'll bet they are cranky ones."

"Judge for yourself," said the hare. "Here, Nancy, please read these out loud. My eyes smart a little and the moon doesn't give much light."

But the Twins and Johnny Sweep knew that the March Hare's education had been neglected and he never got past that line in the First Reader that says, "I see a dog."

Nancy unfolded the first letter and began to read. Such sassy letters you never heard! But you will hear them next time, if you are very patient.
